YENTLY · BUSINESS SYSTEMS

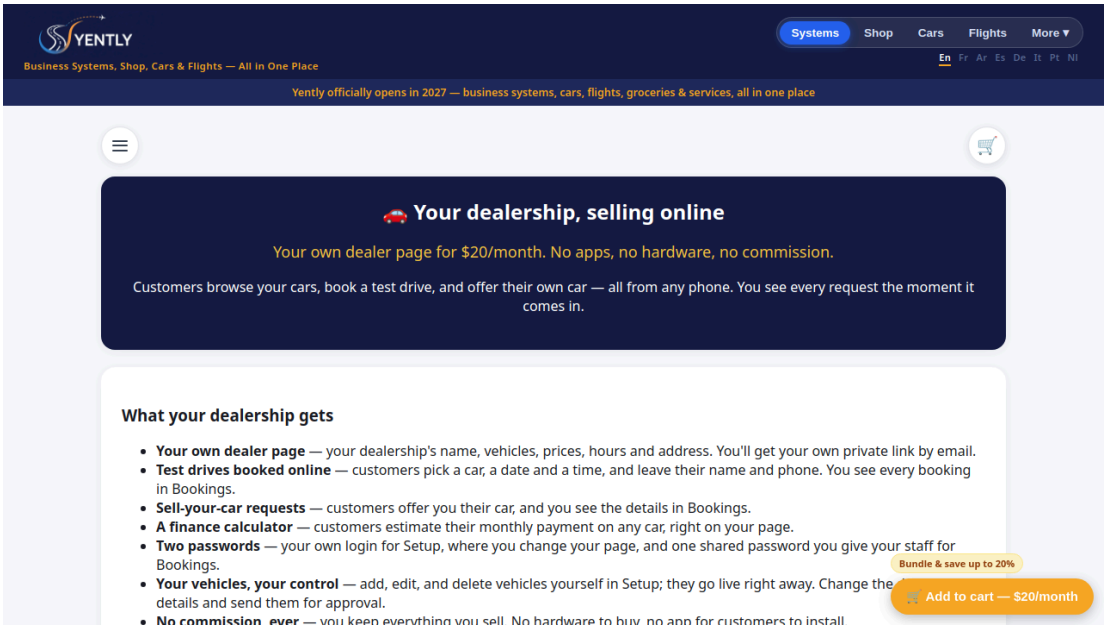

# Your Dealer System
# A Step-by-Step Guide

From buying it to selling your first car online.

Yently — Everything you need, gently in one place.

November 2026 · For car dealers

This guide walks you through your Dealer System from start to finish: how to buy it, how to set up your dealership and your vehicles, how test drives and trade-ins reach you, and how the finance calculator works. Every step shows you exactly where to click.

**Your Dealer page.** This is the page your customers see the offer on — and the page you buy it from. The gold button at the bottom right adds it to your cart.

Keep this guide with your setup email. It covers everything from the first click to the first car sold, in the order you will do it.

## 1. What you get

Your Dealer System is your own dealer page on the web, built and hosted by Yently. It has four parts:

- **Your own dealer page** — your dealership's name, vehicles, prices, hours and address, on your own private link.
- **Test drives booked online** — customers pick a car, a date and a time, and leave their name and phone. You see every booking in Bookings.
- **Sell-your-car requests** — customers offer you their car, and you see the details in Bookings.
- **A finance calculator** — customers estimate their monthly payment on any car, right on your page.

Customers browse on any phone — no app to install, no hardware to buy. You see every request the moment it comes in.

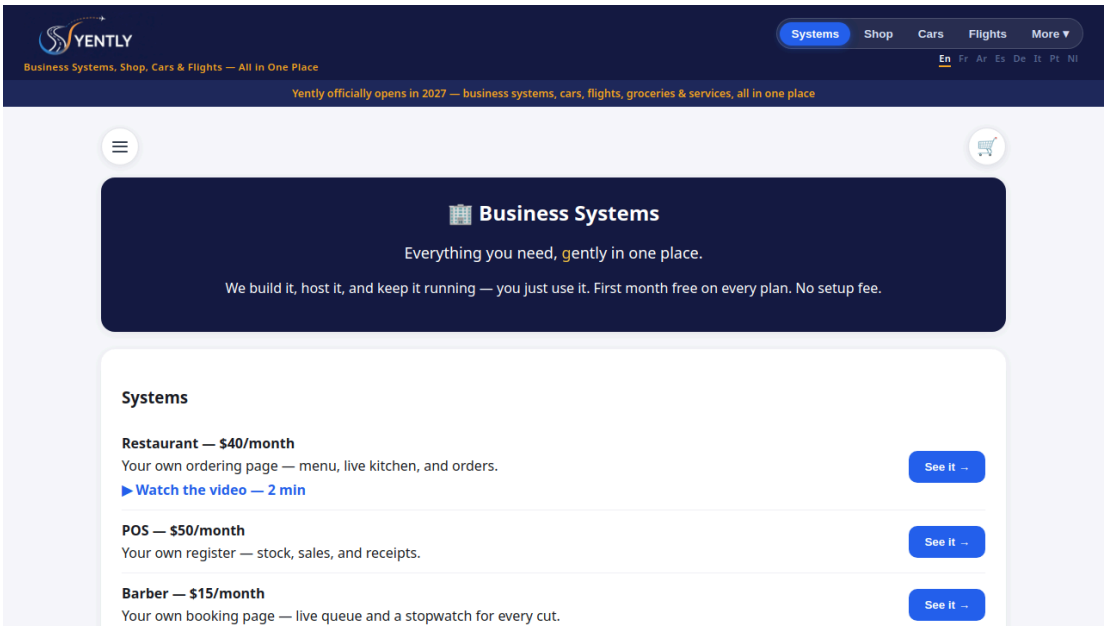

**$20/month** First month free. No setup fee. No commission on your sales, ever — you keep everything you sell.

## 2. How to buy it

Buying takes three clicks. There is no payment to make on the page today, and your first month is free.

### Step 1. Find the Dealer system

Open **yently.com** and tap **Systems** in the top menu. Dealer is the fourth row — $20/month. Tap the blue **“See it”** button on the right of that row.

**The Systems hub.** Dealer is the fourth row, at $20/month. Scroll down to it and tap “See it” to open the Dealer page.

### Step 2. Add it to your cart

On the Dealer page, tap the gold **“Add to cart — $20/month”** button at the bottom right of the screen.

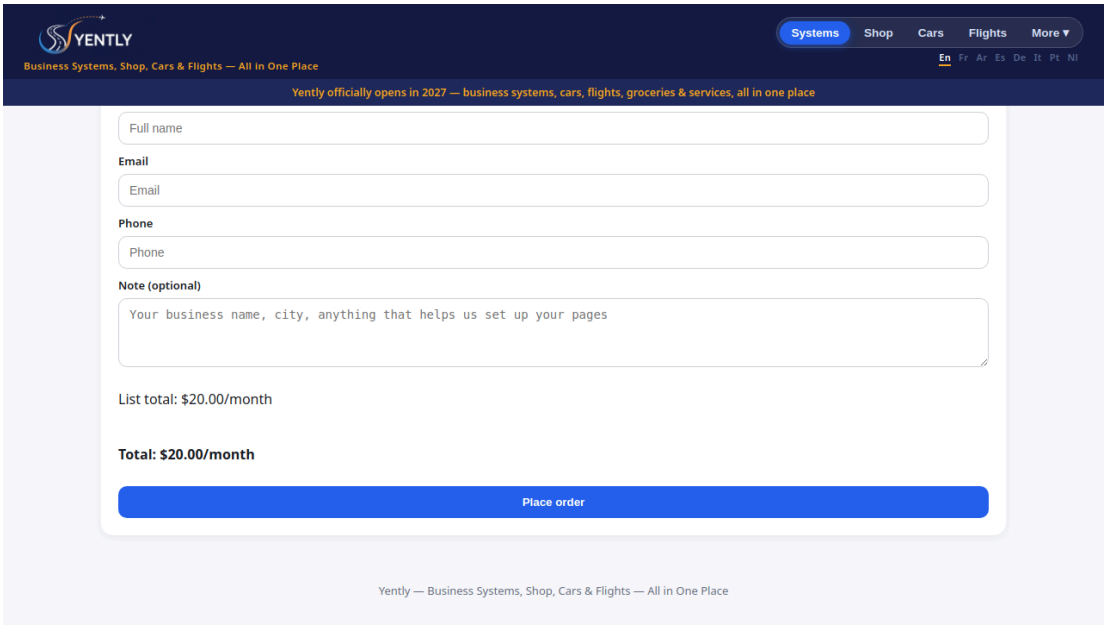

There is a second way in, on the same page: fill in the **“Get your dealership online”** form lower down (your name, dealership name, email and phone) and tap **“Send request”**. Yently will be in touch to set your dealership up.

## Step 3. Check out

Tap **“Go to My Cart”** — or the cart icon at the top right. Fill in the checkout form:

- **Full name**, **Email** and **Phone**.
- **Note (optional)** — your business name and city help Yently set your page up.

Check the total: **List total: $20.00/month** and **Total: $20.00/month**. Then tap the blue **“Place order”** button.

**My Cart checkout.** Your details, the total of $20.00/month, and the blue “Place order” button. No card details are asked for.

## Step 4. What happens next

Your order goes to Yently. There is no payment to make on the page today. Yently sets your dealership up and emails you **your own private link**, plus **your own username and password**. Nothing to install, nothing to build.

## 3. Your first login

Open your private link from the email. The page has **six tabs** at the top: **Vehicles, Test Drive, Sell Your Car, Finance, Bookings, Setup**.

Tap **Setup** and log in with the username and password from your email (the “Setup” boxes: Username and Password, then the **“Log in”** button).

> **Two passwords.** Your own Setup login is for you alone. The **employee password** is one shared password your staff use for Bookings. Keep your Setup login to yourself.

## 4. Set up your dealership

After you log in to the Setup tab, you will see a note at the top:

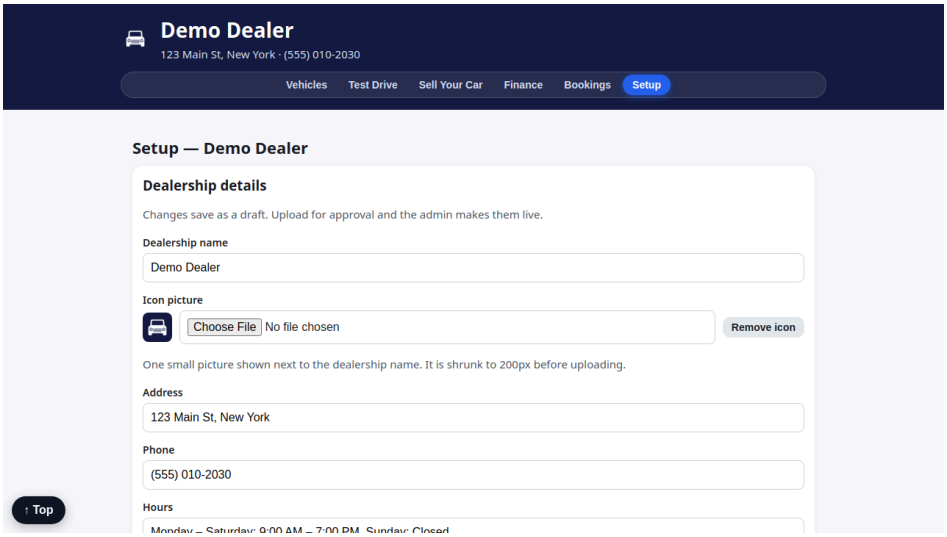

> “Changes save as a draft. Upload for approval and the admin makes them live.”

That means you can change things safely. Nothing goes live until you say so and Yently approves it.

Fill in these fields:

- **Dealership name** — the name shown at the top of your page.
- **Icon picture** — one small picture shown next to your name. Pick a file; it is shrunk to 200px before uploading.
- **Address** — shown on your page so customers can find you.
- **Phone** and **Hours** — shown on your page so customers can reach you and know when you are open.
- **About** — a short line about your dealership, shown under the name.

Below the fields you will see your draft status: **“Draft status: editing — not sent yet”**, then **“pending — waiting for Yently to approve it”** once you upload, and **“approved — approved, live now”** once Yently approves.

**The Setup tab.** Your dealership details at the top, with the draft note above them. The Vehicles section sits below, on the same tab.

When you are done, tap **“Save draft”**. Your changes are saved as a draft. When you are happy with everything, tap **“Upload for approval”**. Yently approves it and your changes go live — the draft status line will then read “approved — approved, live now”.

Your vehicles work differently from the details above: vehicles go live right away, with no approval needed. See section 5.

## 5. Add your vehicles

In the Setup tab, under **Vehicles**, you will see the note: “Vehicles go live right away — no approval needed.” Fill in the **“Add a vehicle”** form:

- **Make, Model and Year** — for example Toyota, Camry LE, 2021.
- **Price** and **Mileage** — the asking price and the miles on the car.
- **Fuel, Transmission, Body style and Drivetrain** — for example Petrol, Automatic, Sedan, Front Wheel Drive.
- **Condition** — Used or New. **Exterior colour** and **Interior colour**, **Doors** and **Stock no.** (for example DL-001).
- **Description** — a short line about the car.
- **Pictures (up to 7)** — pick photos of the car. They show as a slideshow on the vehicle card.

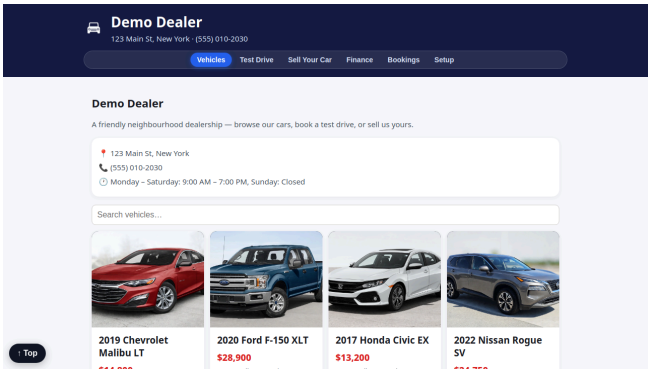

Tap **“Save vehicle”** and it is on your page at once — no approval, no wait. To change a vehicle, tap **“Edit”** on its card in the list; to remove one, tap **“Delete”**. Changes go live right away, the same way.

# 6. Your vehicles page — what your customers see

Your name, about text, address, phone and hours sit at the top of the page, with a search box below them. Then:

- **One card per vehicle.** A photo slideshow, the name, the price in red, and the details — mileage, fuel, transmission and more. Tap **“Test Drive”** on a card to book that car, or tap the arrow to see every detail.

Below the vehicles: “Like one? Book a test drive from the Test Drive tab, or estimate the monthly payment on the Finance tab.”

**Your vehicles page.** The six tabs at the top, your address, phone and hours, the search box, and your vehicles with photos, prices and mileage.

# 7. Test drives and trade-ins

Two things customers do on your page, and both land in Bookings (see section 9).

## Book a test drive

On the **Test Drive** tab, the customer picks the **Vehicle** (name and price), then their **name**, **phone**, **email (optional)**, **date** and **time** (9:00 AM to 6:00 PM, every half hour). Tap **“Book test drive”** and the page answers with the booking number, the car, the date and time, and the note “Show your name at the dealership when you arrive.”

## Sell your car

On the **Sell Your Car** tab, the customer fills in their **name**, **phone**, **email (optional)**, the car’s **make**, **model**, **year** and **mileage**, its **condition** (Excellent, Good or Fair) and an optional **message**, then taps **“Send valuation request”**. The page answers with the trade-in number, and “the dealership will be in touch about your car.” The page says it plainly: “This is a valuation request, not a purchase offer.”

## 8. The Finance calculator

On the **Finance** tab, customers work out what a car would cost them a month — an estimate only:

- Pick a **Vehicle** — the price fills itself in — or type a **Vehicle price** instead.
- Enter a **Down payment**, an **Annual interest rate (%)** (it starts at 6) and a **Term (months)** (it starts at 48).
- Tap **“Calculate”**. The page shows the **Monthly payment**, the **Total paid** and the **Total interest**.

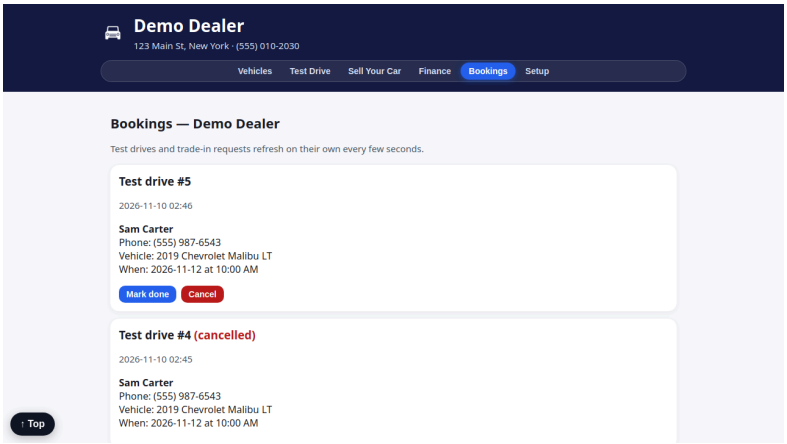

The page says it plainly: “Estimate only: this calculator shows what a monthly payment could look like. No credit check happens here and no financing is arranged online — talk to the dealership for the real offer.”

## 9. Bookings

Tap the **Bookings** tab and enter the employee password (see section 10). Every test drive and trade-in is there, in one list:

- **Test drive #** or **Trade-in #**, with the date and time it was made.
- The customer’s **name**, **phone** and **email**.
- For a test drive: the **vehicle** and **when**. For a trade-in: the **car**, its **mileage** and **condition**, and any **message**.
- The list refreshes on its own every few seconds, so new requests appear by themselves.

Under each booking, tap **“Mark done”** when it is handled, or **“Cancel”** — it asks “Cancel this booking?” first, so a wrong tap does nothing. A cancelled booking stays in the list, marked **(cancelled)**.

**Bookings.** Test drive #5 — Sam Carter, 2019 Chevrolet Malibu LT, 2026-11-12 at 10:00 AM — with “Mark done” and “Cancel” below it. A cancelled booking shows as “(cancelled)”.

## 10. The employee password

One shared password unlocks **Bookings**. Every member of staff uses the same one, on any phone.

The password is **set by Yently** and comes with your setup email. There is no place in Setup to change it yourself — if you want it changed, ask Yently and they will change it for you.

The password is never saved on the phone. If the page is reloaded, staff enter it again. Tell your staff the password, and ask Yently to change it if someone leaves.

If your dealership has no employee password set, Bookings stays open and anyone can see it. Yently sets a password for you, so this does not happen by accident.

## 11. Add-ons — make it yours for a little more

Each add-on is added the same way as the Dealer system — from its own page, into the same cart:

- **Clean Link — $2/month.** Your own short link, yently.com/your-name, instead of the long one. Easier to print on a card or a window.
- **TV Gallery — $2/month.** Your pictures on the big screen — a slideshow of your cars on the TV in your showroom.
- **Live Chat — $3/month.** Chat with visitors right on your page.

> **Bundle & save:** 2 plans 10% off, 3 plans 15% off, 4 or more plans 20% off. Your saving is applied automatically, no code needed.

## 12. Prices at a glance

| Plan | Price | First month |
|---|---|---|
| Dealer system | $20/month | Free |
| Clean Link | $2/month | Free |
| TV Gallery | $2/month | Free |
| Live Chat | $3/month | Free |

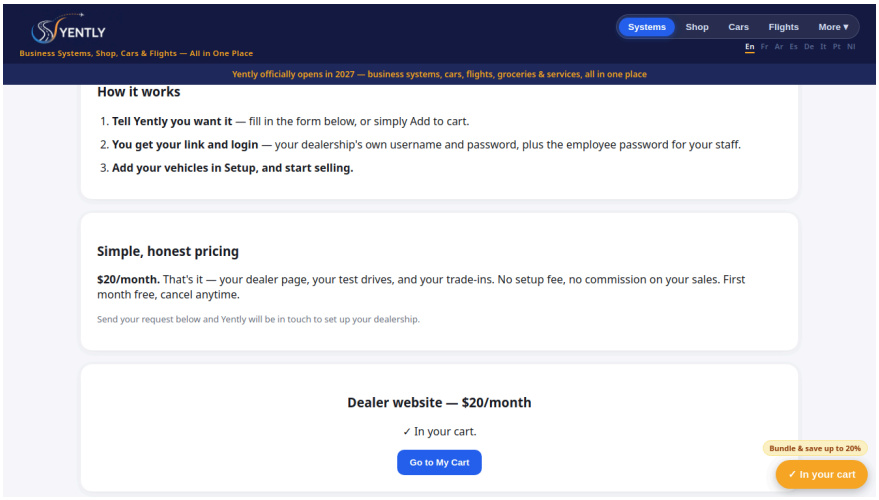

Bundle: 2 plans 10% off, 3 plans 15% off, 4 or more plans 20% off — applied automatically. No setup fee. No commission on your sales, ever.

## 13. Why Yently

Your dealer page, your cars, your customers — for **$20 a month**, first month free, no commission, no setup fee. You keep everything you sell.

Yently builds it, hosts it, and keeps it running. You just use it. Add a vehicle or change a price any time, in a minute, and add an add-on when you want more, for a few dollars a month.

Cancel any time.

**How it works, in three steps.** Tell Yently you want it, get your link and login, add your vehicles and start selling. Simple, honest pricing: $20/month, first month free, cancel any time.

## 14. Need help?

Use the **“Get your dealership online”** form on the Dealer page: fill in your name, dealership name, email and phone, write your question in the message box, and tap **“Send request”**. Yently will be in touch to set up your dealership page.

> **Your first sale, in short:** buy it on yently.com → get your link and login by email → log in to Setup → add your vehicles → test drives and trade-ins land in Bookings.

Thank you for choosing Yently. Your dealer page is ready when you are — and Yently is one message away if you need a hand.
