YENTLY · BUSINESS SYSTEMS

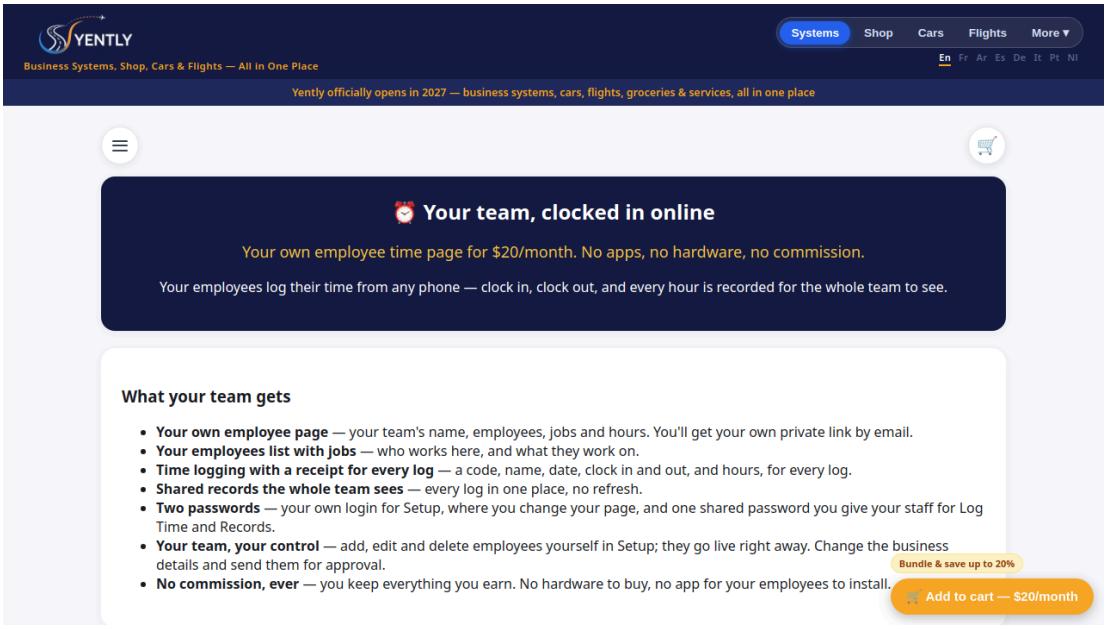

Your Employee System
A Step-by-Step Guide

From buying it to your team's first clock-in.

Yently — Everything you need, gently in one place.

November 2026 · For team owners

This guide walks you through your Employee System from start to finish: how to buy it, how to add your team, how your staff log their time, and how the records work. Every step shows you exactly where to click.

Your Employee page. This is the page your team sees the offer on — and the page you buy it from. The gold button at the bottom right adds it to your cart.

Keep this guide with your setup email. It covers everything from the first click to the first clock-in, in the order you will do it.

1. What you get

Your Employee System is your own time page on the web, built and hosted by Yently. It has three parts:

- **Your own employee page** — your team's name, employees, jobs and hours, on your own private link.
- **Time logging with a receipt** — your staff clock in and out from any phone, and every log gets a receipt: a code, name, date, clock-in and clock-out times, and hours.
- **Shared records** — every log in one place, for the whole team to see. No refresh.

Anyone can look at the employees list. Logging time and seeing the records is for your staff, with one shared employee password. That keeps the list public and the hours private.

There is no app to install and no hardware to buy. It works on the phones you already have.

This page records time only. It does not work out pay, and no payroll is handled here.

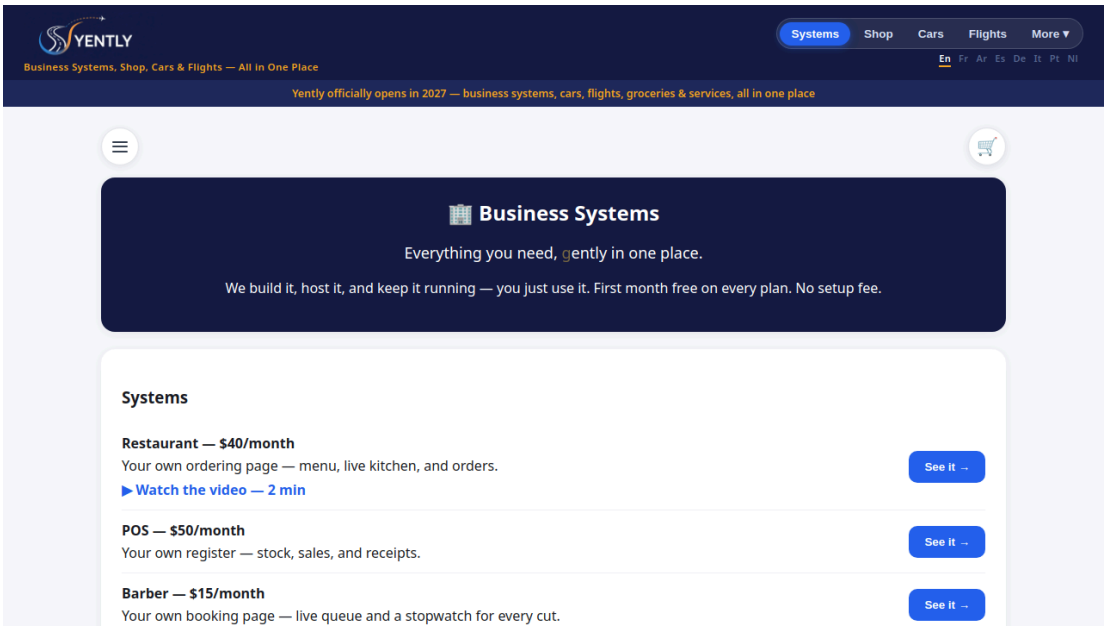

$20/month First month free. No setup fee. No commission — you keep everything you earn.

2. How to buy it

Buying takes three clicks. There is no payment to make on the page today, and your first month is free.

Step 1. Find the Employee system

Open **yently.com** and tap **Systems** in the top menu. Employee is the fifth row — $20/month. Tap the blue **“See it”** button on the right of that row.

The Systems hub. Find the Employee row — $20/month — and tap “See it” to open the Employee page.

Step 2. Add it to your cart

On the Employee page, tap the gold **“Add to cart — $20/month”** button at the bottom right of the screen.

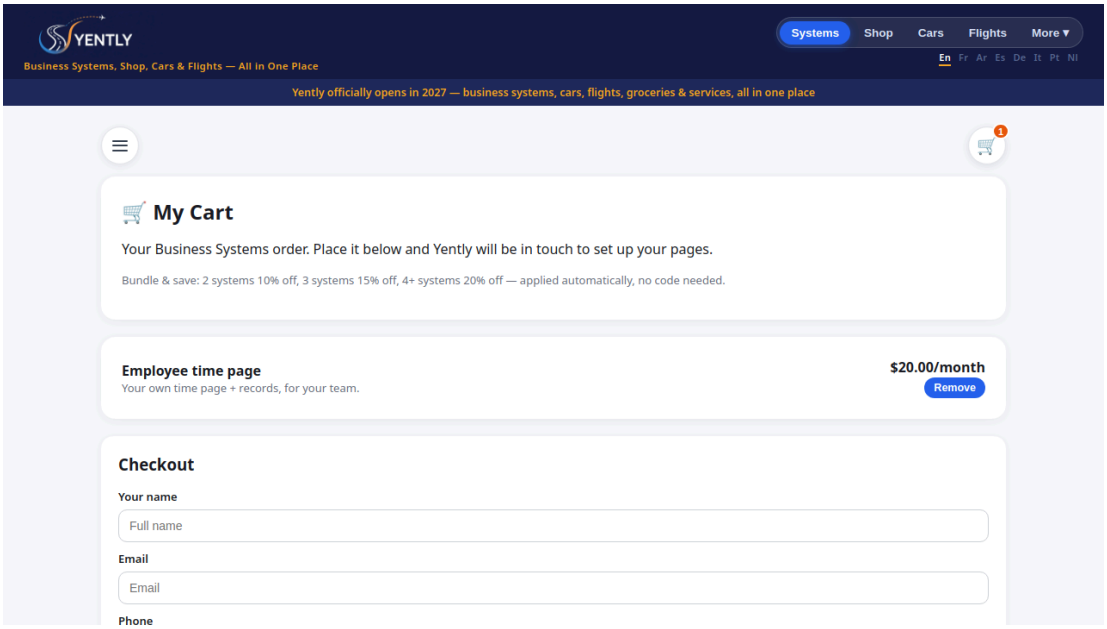

There is a second way in, on the same page: fill in the **“Get your employee time page”** form lower down (your name, team name, email and phone) and tap **“Send request”**. Yently will be in touch to set your employee time page up.

Step 3. Check out

Tap **“Go to My Cart”** — or the cart icon at the top right. Fill in the checkout form:

- **Full name**, **Email** and **Phone**.
- **Note (optional)** — your business name and city help Yently set your page up.

Check the total: **List total: $20.00/month** and **Total: $20.00/month**. Then tap the blue **“Place order”** button.

My Cart checkout. The Employee time page at $20.00/month, your details, and the checkout form. No card details are asked for.

Step 4. What happens next

Your order goes to Yently. There is no payment to make on the page today. Yently sets your team up and emails you **your own private link**, plus **your own username and password**. Nothing to install, nothing to build.

3. Your first login

Open your private link from the email. The page has **four tabs** at the top: **Employees, Log Time, Records, Setup**.

Tap **Setup** and log in with the username and password from your email (the “Setup sign-in” boxes: Username and Password).

> **Two passwords.** Your own Setup login is for you alone. The **employee password** is one shared password your staff use for Log Time and Records. Keep your Setup login to yourself.

4. Set up your team

After you log in to the Setup tab, you will see a note at the top:

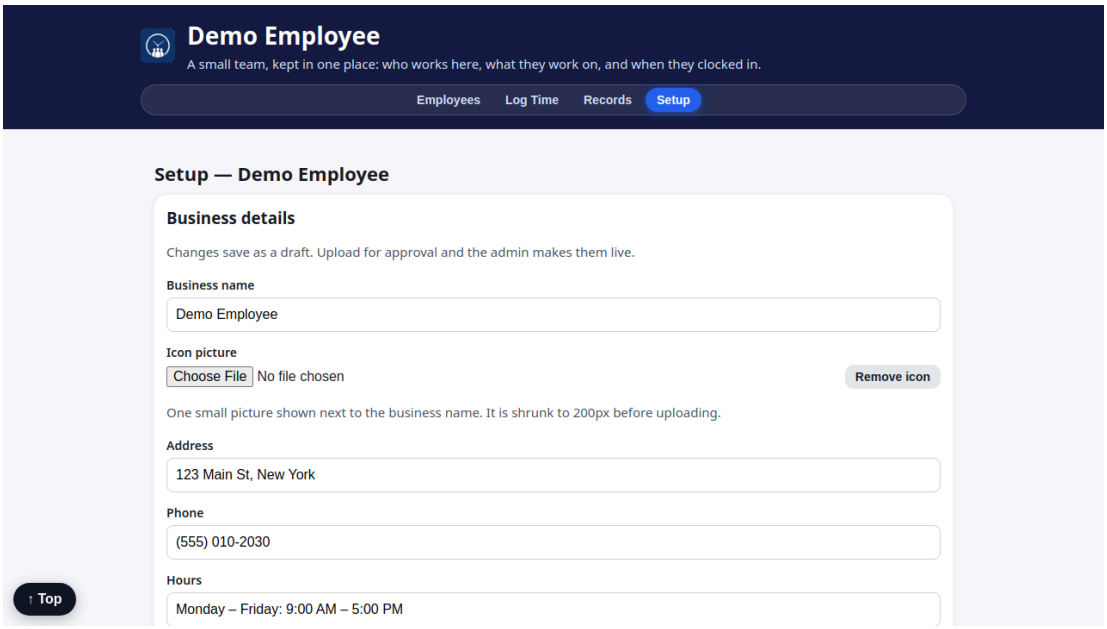

> “Changes save as a draft. Upload for approval and the admin makes them live.”

That means you can change things safely. Nothing goes live until you say so and Yently approves it. Staff are the one exception — they go live right away, see section 5.

Fill in these fields:

- **Business name** — the name shown at the top of your page.
- **Icon picture** — one small picture shown next to your name. Pick a file; it is shrunk to 200px before uploading.
- **Address** and **Phone** — shown on your page so your team and visitors can reach you.
- **Hours** — for example “Monday – Friday: 9:00 AM – 5:00 PM”, shown at the top of your employees list.
- **About** — a short line about your team, shown on your page.

Under **Jobs**, type a job title and tap **“Add job”**. The jobs you add appear in the Job list when you add a staff member. Remove a job with **“Remove”**.

The Setup tab. Your business details at the top, with the draft note above them. The Jobs and Staff sections sit below, on the same tab.

When you are done, tap **“Save draft”**. Your changes are saved as a draft — visitors still see the approved page. When you are happy with everything, tap **“Upload for approval”**. Yently approves it and your changes go live. The status line tells you where you are: “Draft status: editing — saved, not sent yet.”, “pending — waiting for Yently to approve it.”, or “approved — approved, live now.”

5. Add your employees

In the Setup tab, under **Staff**, you will see: “Staff go live right away — no approval needed.” Fill in the form:

- **Employee code** — a short code for the employee, for example EMP-101.
- **Name** — the employee’s name.
- **Job** — pick one of the jobs you added in section 4.
- **Note** — a short line about the employee, for example their shift.

Tap **“Save staff member”**. The employee appears on your employees list right away — no waiting, no approval.

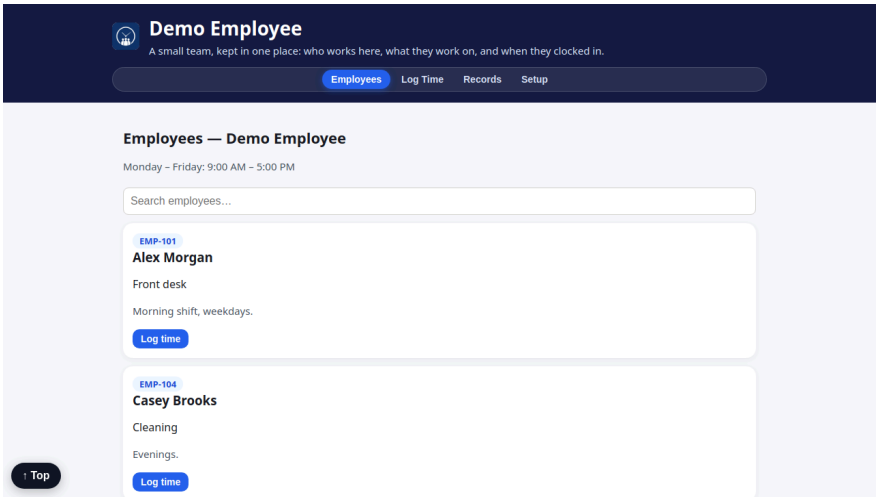

Each staff member has **Edit** and **Delete** buttons. Edit opens the same form filled in — change it and tap “Save staff member” again. Delete asks ‘Delete “Name”?’ first — tap **“Yes, delete”** to confirm, or **“Keep it”** to cancel.

6. Your employees page — what everyone sees

Your team name and hours sit at the top of the page. Below them:

- **A search box.** Type a name to find someone fast.
- **One card per employee** — the employee's code, name, job and note, with a **"Log time"** button.

Anyone can look. Only staff with the employee password can log time — see section 7.

Your employees list. Each card shows the employee's code, name, job and note, with a "Log time" button. The demo team is Alex Morgan, Sam Rivera, Jordan Lee and Casey Brooks.

7. Logging time

Logging time is done by your staff, on their phones. It works like this:

1. Tap the **"Log Time"** tab. Enter the **employee password** and tap **"Unlock"**.
2. Pick the **employee** from the list, and the **date**. The clock-in time is already filled in with the time now — change it if you need to.
3. Add the **clock-out time** when the shift ends. If the shift is still going, leave it empty — the log is saved with the clock-in time, and no hours are shown until a clock-out time is there.
4. Add a **note** if you like — for example "Covered the evening shift".
5. Tap **"Log time"**. The page shows your receipt, for example: "Logged — time #TM-4: Alex Morgan on 2026-11-10, 09:00–17:00 (8.0h)." A copy of every log is emailed to Yently.

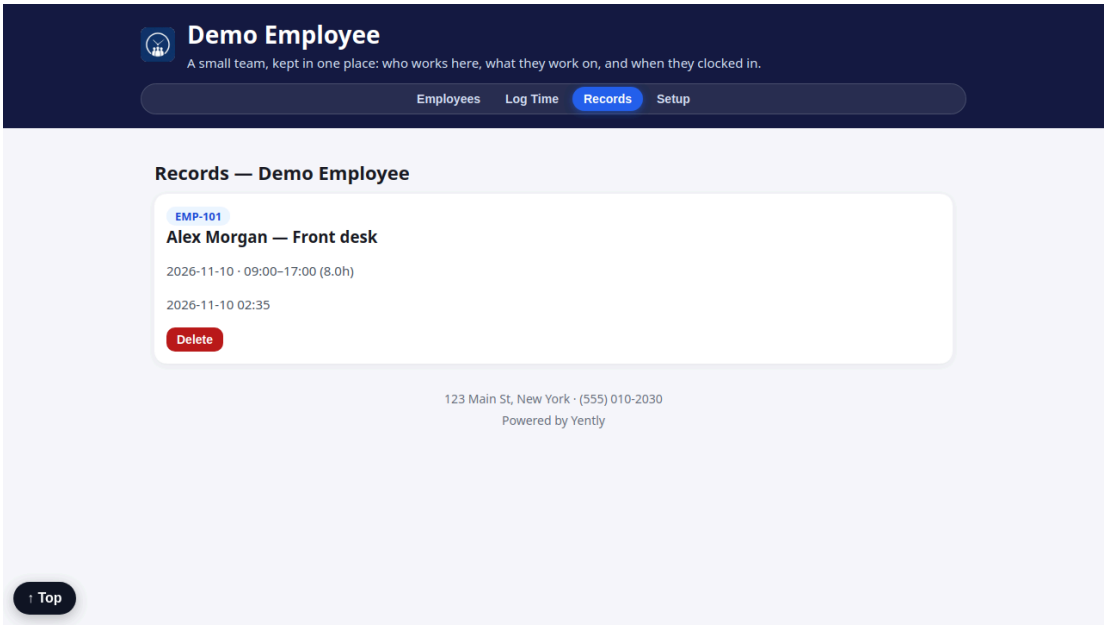

The hours are worked out for you — 09:00 to 17:00 is 8.0 hours, rounded to one decimal. A shift that runs past midnight still works out: a clock-out earlier than the clock-in counts from the next day.

8. The Records tab

Tap the **“Records”** tab. The records refresh by themselves every few seconds — no refresh — on every phone at once.

Each record card shows:

- The employee’s **code, name and job**.
- The **date, clock-in and clock-out times, and the hours**.
- Any **note**, and **when the log was made**.

The Records tab. One card per log: Alex Morgan — Front desk, 2026-11-10 · 09:00–17:00 (8.0h), and when it was logged.

“Delete” removes a record that was a mistake. It asks “Delete this record?” first — tap **“Yes, delete”** to confirm, or **“Keep it”** to cancel.

If there are no records yet, the page says “No records yet.”

9. The employee password

One shared password unlocks **Log Time and Records**. Every member of staff uses the same one, on any phone.

The password is **set by Yently** and comes with your setup email. There is no place in Setup to change it yourself — if you want it changed, ask Yently and they will change it for you.

The password is never saved on the phone. If the page is reloaded, staff enter it again. Tell your staff the password, and ask Yently to change it if someone leaves.

If your business has no employee password set, Log Time and Records stay open and anyone can log time. Yently sets a password for you, so this does not happen by accident.

10. Add-ons — make it yours for a little more

Each add-on is added the same way as the Employee system — from its own page, into the same cart:

- **Clean Link — $2/month.** Your own short link, yently.com/your-name, instead of the long one. Easier to print on a card or a window.
- **TV Gallery — $2/month.** Your pictures on the big screen — a slideshow on the TV in your workplace.
- **Live Chat — $3/month.** Chat with visitors right on your page.

> **Bundle & save:** 2 plans 10% off, 3 plans 15% off, 4 or more plans 20% off. Your saving is applied automatically, no code needed.

11. Prices at a glance

Plan	Price	First month
Employee system	$20/month	Free
Clean Link	$2/month	Free
TV Gallery	$2/month	Free
Live Chat	$3/month	Free

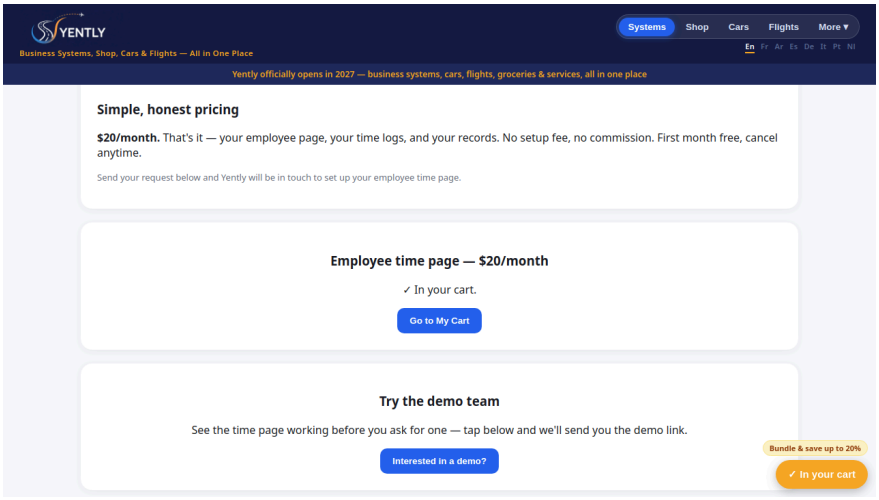

Bundle: 2 plans 10% off, 3 plans 15% off, 4 or more plans 20% off — applied automatically. No setup fee. No commission on anything you earn, ever.

12. Why Yently

A whole time-tracking system for your team — your page, your employees, your hours, your records — for **$20 a month**, first month free, no commission, no setup fee.

Yently builds it, hosts it, and keeps it running. You just use it. Add or remove employees any time, and add an add-on when you want more, for a few dollars a month.

No hardware, no app to install. Cancel any time.

Simple, honest pricing. $20/month, first month free, cancel anytime. Below it, the Employee time page card and the demo team card.

13. Need help?

Use the **“Get your employee time page”** form on the Employee page: fill in your name, team name, email and phone, write about your team in the message box, and tap **“Send request”**. Yently will be in touch to set up your employee time page.

> **Your first clock-in, in short:** buy it on yently.com → get your link and login by email → log in to Setup → add your employees → your staff tap Log Time and clock in.

Thank you for choosing Yently. Your employee page is ready when you are — and Yently is one message away if you need a hand.
