YENTLY · BUSINESS SYSTEMS

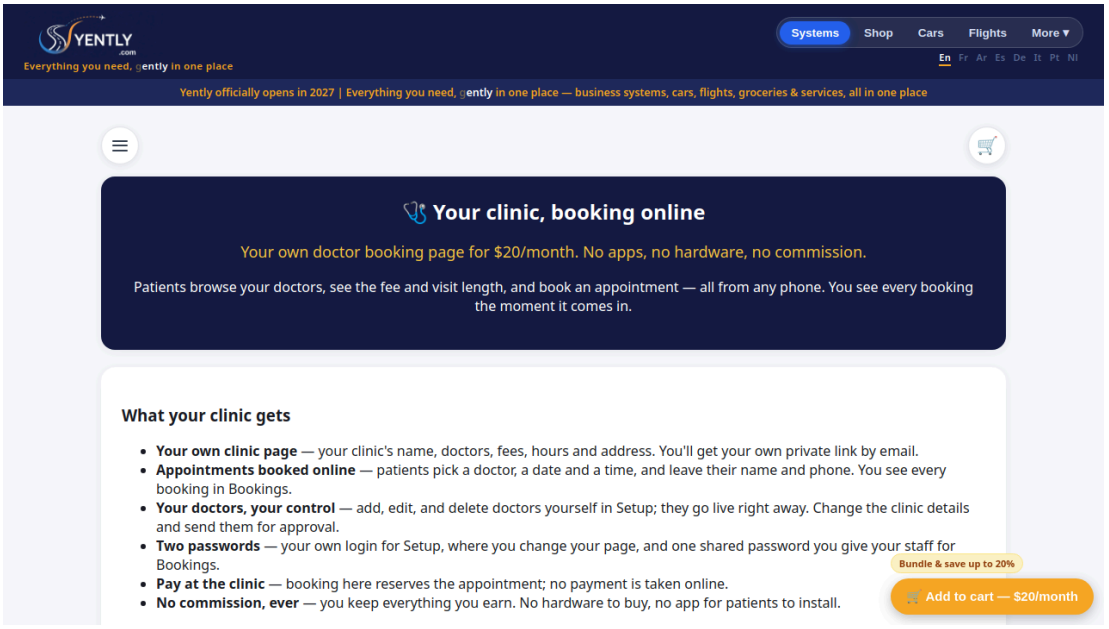

Your Doctor System
A Step-by-Step Guide

From buying it to taking your first booking online.

Yently — Everything you need, gently in one place.

November 2026 · For clinics

This guide walks you through your Doctor System from start to finish: how to buy it, how to set up your clinic and your doctors, how appointments reach you, and what your patients see when they book. Every step shows you exactly where to click.

Your Doctor page. This is the page your patients see the offer on — and the page you buy it from. The gold button at the bottom right adds it to your cart.

Keep this guide with your setup email. It covers everything from the first click to the first appointment booked, in the order you will do it.

1. What you get

Your Doctor System is your own clinic booking page on the web, built and hosted by Yently. It has four parts:

- **Your own clinic page** — your clinic's name, doctors, fees, hours and address, on your own private link.
- **Your doctors, listed** — each doctor with their specialty, consultation fee, and how long a visit takes.
- **Appointments booked online** — patients pick a doctor, a date and a time, and leave their name and phone. You see every booking in Bookings.
- **A booking receipt** — every patient gets a reference number (starting AP-) and pays at the clinic when they come in.

Patients browse on any phone — no app to install, no hardware to buy. You see every appointment the moment it is booked.

$20/month First month free. No setup fee. No commission on your visits, ever — you keep everything you earn.

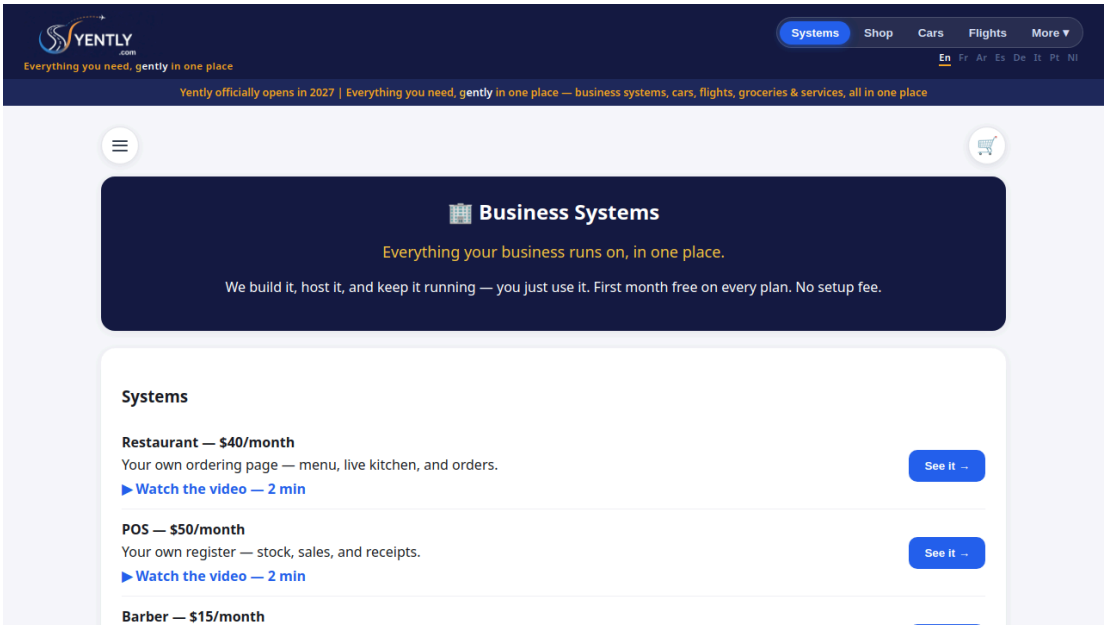

> **Pay at the clinic.** Booking here reserves the appointment — no payment is taken online. This page books appointments only: it does not diagnose, treat, or give medical advice.

2. How to buy it

Buying takes three clicks. There is no payment to make on the page today, and your first month is free.

Step 1. Find the Doctor system

Open **yently.com** and tap **Systems** in the top menu. Doctor is the eighth row — $20/month. Tap the blue **“See it”** button on the right of that row.

The Systems hub. Doctor is the eighth row, at $20/month. Scroll down to it and tap “See it” to open the Doctor page.

Step 2. Add it to your cart

On the Doctor page, tap the gold **“Add to cart — $20/month”** button at the bottom right of the screen.

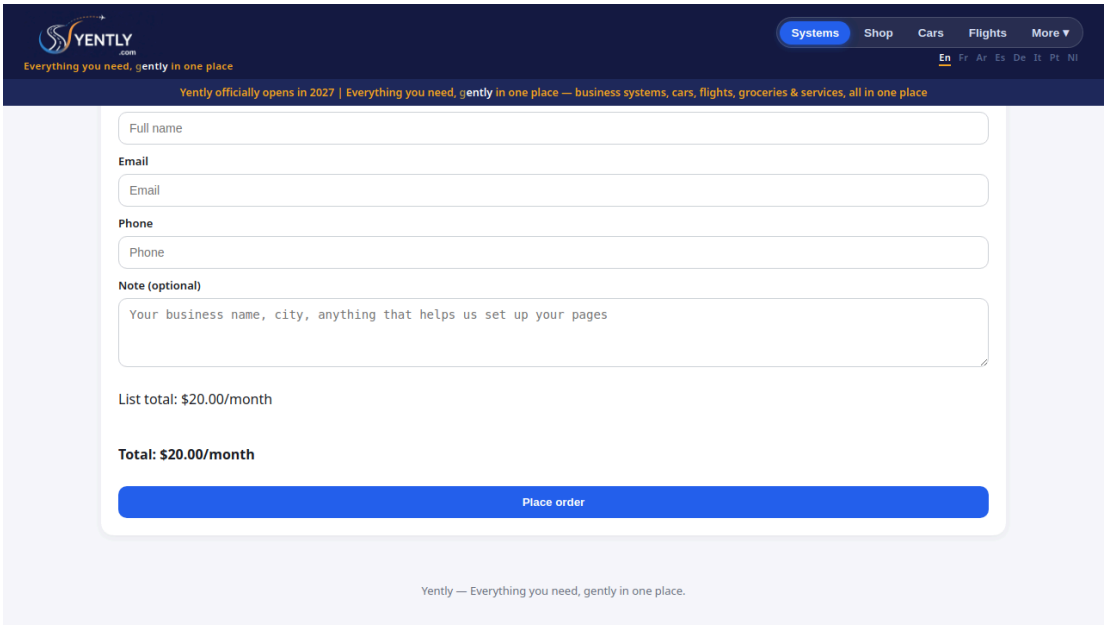

There is a second way in, on the same page: fill in the **“Get your clinic online”** form lower down (your name, clinic name, email and phone) and tap **“Send request”**. Yently will be in touch to set your clinic up.

Step 3. Check out

Tap **“Go to My Cart”** — or the cart icon at the top right. Fill in the checkout form:

- **Full name**, **Email** and **Phone**.
- **Note (optional)** — your clinic name and city help Yently set your page up.

Check the total: **List total: $20.00/month** and **Total: $20.00/month**. Then tap the blue **“Place order”** button.

My Cart checkout. Your details, the total of $20.00/month, and the blue “Place order” button. No card details are asked for.

Step 4. What happens next

Your order goes to Yently. There is no payment to make on the page today. Yently sets your clinic up and emails you **your own private link**, plus **your own username and password**. Nothing to install, nothing to build.

3. Your first login

Open your private link from the email. The page has **four tabs** at the top: **Doctors, Book, Bookings, Setup**.

Tap **Setup** and log in with the username and password from your email (the “Setup” boxes: Username and Password, then the **“Log in”** button).

> **Two passwords.** Your own Setup login is for you alone. The **employee password** is one shared password your staff use for Bookings. Keep your Setup login to yourself.

4. Set up your clinic page

After you log in to the Setup tab, you will see a note at the top:

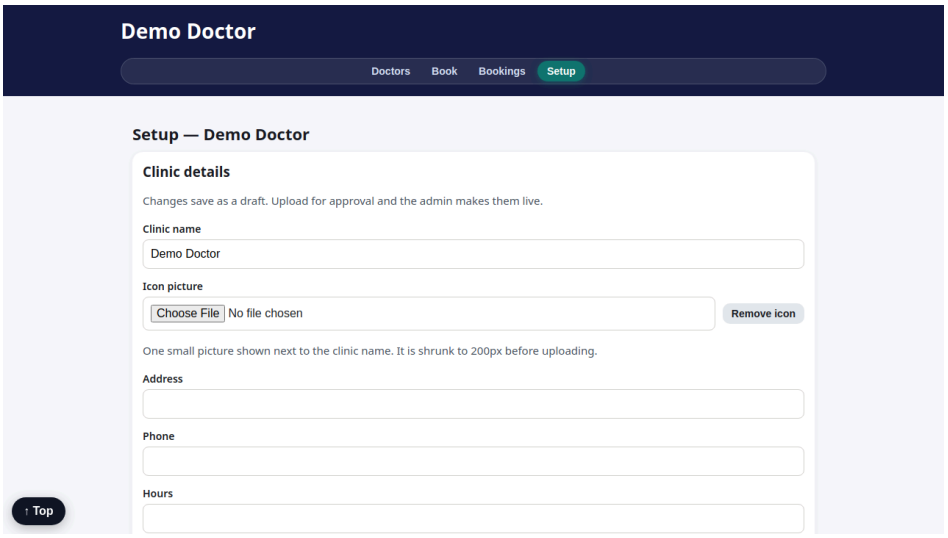

> “Changes save as a draft. Upload for approval and the admin makes them live.”

That means you can change things safely. Nothing goes live until you say so and Yently approves it.

Fill in these fields:

- **Clinic name** — the name shown at the top of your page.
- **Icon picture** — one small picture shown next to your name. Pick a file; it is shrunk to 200px before uploading.
- **Address** — shown on your page so patients can find you.
- **Phone** and **Hours** — shown on your page so patients can reach you and know when you are open.
- **About** — a short line about your clinic, shown under the name.

Below the fields you will see your draft status: **“Draft status: editing — not sent yet”**, then **“pending — waiting for Yently to approve it”** once you upload, and **“approved — approved, live now”** once Yently approves.

The Setup tab. Your clinic details at the top, with the draft note above them. The Doctors section sits below, on the same tab.

When you are done, tap **“Save draft”**. Your changes are saved as a draft. When you are happy with everything, tap **“Upload for approval”**. Yently approves it and your changes go live — the draft status line will then read “approved — approved, live now”.

Your doctors work differently from the details above: doctors go live right away, with no approval needed. See section 5.

5. Add your doctors

In the Setup tab, under **Doctors**, you will see the note: “Doctors go live right away — no approval needed.” Fill in the **“Add a doctor”** form:

- **Doctor name** — for example Dr. Robin Fox.
- **Specialty** — General Practice, Cardiology, Pediatrics, Dermatology, or Other.
- **Consultation fee ($)** and **Duration (minutes)** — the fee and how long a visit takes (30 minutes to start).
- **Description** — a short line about the doctor.

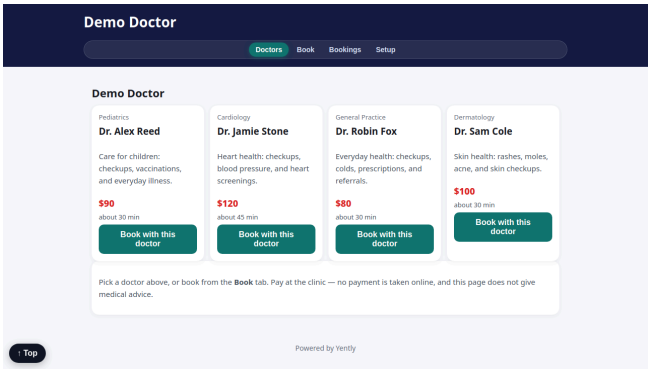

Tap **“Save doctor”** and the doctor is on your page at once — no approval, no wait. To change a doctor, tap **“Edit”** on their line in the list; to remove one, tap **“Delete”**. Changes go live right away, the same way.

6. Your booking page — what your patients see

Your name, about text, address, phone and hours sit at the top of the page. Then:

- **One card per doctor.** The specialty, the name, a short description, the fee, and “about X min” for the visit length. Tap **“Book with this doctor”** on a card to book that doctor.

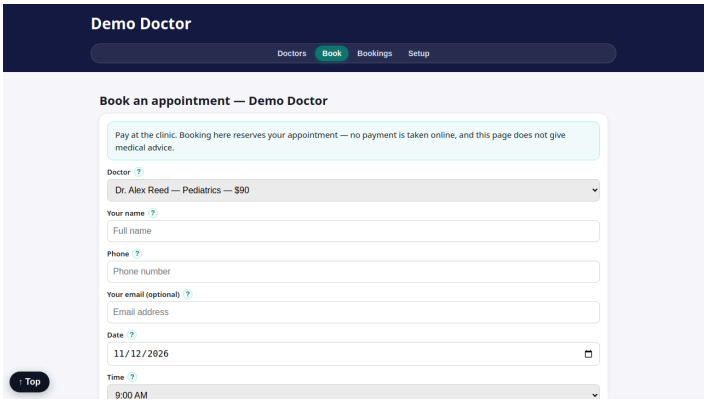

Below the doctors: “Pick a doctor above, or book from the **Book** tab. Pay at the clinic — no payment is taken online, and this page does not give medical advice.”

Your doctors page. The four tabs at the top, your address, phone and hours, and your doctors with their specialty, fee and visit length.

Book an appointment

On the **Book** tab, the patient picks the **Doctor** (name, specialty and fee), then their **name**, **phone**, **email (optional)**, **date** and **time** (9:00 AM to 6:00 PM, every half hour), and an optional **reason for visit**. Tap **“Confirm booking”** and the page answers with the booking receipt (see section 7).

Book an appointment. Doctor, name, phone, date and time — and the note at the top: pay at the clinic, no payment taken online.

7. Appointments and the receipt

When a patient taps **“Confirm booking”**, the page answers with a receipt:

- **Reference: AP-000000** — the booking reference, starting AP-.
- **Doctor** — the doctor’s name, fee, and visit length.
- **When** — the date and time of the appointment.
- **Name** and **Phone** — the patient’s details.

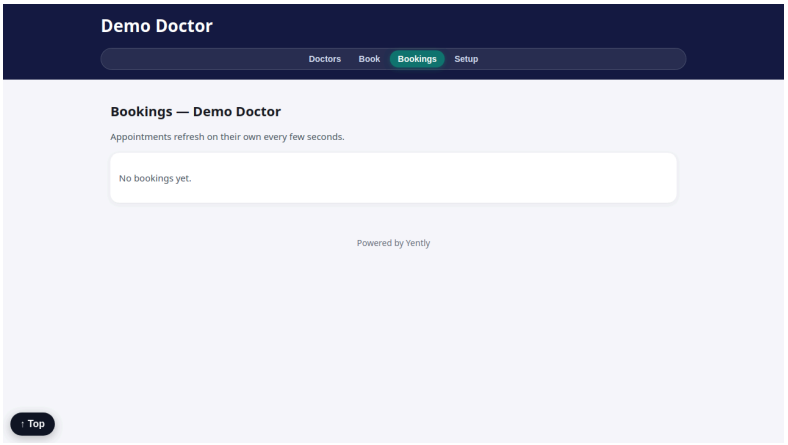

Under the receipt: “Pay at the clinic. Find this booking any time in the Bookings tab.”

Bookings — your working screen

Tap the **Bookings** tab and enter the employee password (see section 8). Every appointment is there, in one list:

- **Appointment #**, with the date and time it was made.
- The **doctor** and **when** — the date and time of the visit.
- The patient’s **name**, **phone** and **email**, and the **reason** for the visit, if they gave one.
- The list refreshes on its own every few seconds, so new appointments appear by themselves.

Under each appointment, tap **“Mark done”** when it is handled, or **“Cancel”** — it asks “Cancel this booking?” first, so a wrong tap does nothing. A cancelled appointment stays in the list, marked **(cancelled)**.

Bookings. Your appointments, newest first, with “Mark done” and “Cancel” below each one. When there are no bookings yet, the page says so.

8. The employee password

One shared password unlocks **Bookings**. Every member of staff uses the same one, on any phone.

The password is **set by Yently** and comes with your setup email. There is no place in Setup to change it yourself — if you want it changed, ask Yently and they will change it for you.

The password is never saved on the phone. If the page is reloaded, staff enter it again. Tell your staff the password, and ask Yently to change it if someone leaves.

If your clinic has no employee password set, Bookings stays open and anyone can see it. Yently sets a password for you, so this does not happen by accident.

9. Add-ons — make it yours for a little more

Each add-on is added the same way as the Doctor system — from its own page, into the same cart:

- **Clean Link — $2/month.** Your own short link, yently.com/your-name, instead of the long one. Easier to print on a card or a window.
- **TV Gallery — $2/month.** Your pictures on the big screen — a slideshow of your clinic on the TV in your waiting room.
- **Live Chat — $3/month.** Chat with visitors right on your page.

> **Bundle & save:** 2 plans 10% off, 3 plans 15% off, 4 or more plans 20% off. Your saving is applied automatically, no code needed.

10. Prices at a glance

Plan	Price	First month
Doctor system	$20/month	Free
Clean Link	$2/month	Free
TV Gallery	$2/month	Free
Live Chat	$3/month	Free

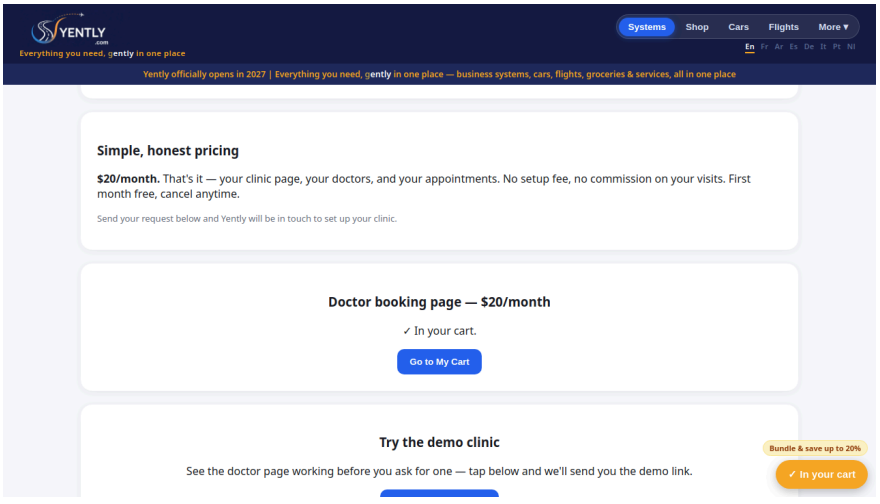

Bundle: 2 plans 10% off, 3 plans 15% off, 4 or more plans 20% off — applied automatically. No setup fee. No commission on your visits, ever.

11. Why Yently

Your clinic page, your doctors, your patients — for **$20 a month**, first month free, no commission, no setup fee. You keep everything you earn.

Yently builds it, hosts it, and keeps it running. You just use it. Add a doctor or change a fee any time, in a minute, and add an add-on when you want more, for a few dollars a month.

Cancel any time.

How it works, in three steps. Tell Yently you want it, get your link and login, add your doctors and start booking. Simple, honest pricing: $20/month, first month free, cancel any time.

12. Need help?

Use the **“Get your clinic online”** form on the Doctor page: fill in your name, clinic name, email and phone, write your question in the message box, and tap **“Send request”**. Yently will be in touch to set up your clinic page.

> **Your first booking, in short:** buy it on yently.com → get your link and login by email → log in to Setup → add your doctors → appointments land in Bookings.

Thank you for choosing Yently. Your clinic page is ready when you are — and Yently is one message away if you need a hand.
