YENTLY · BUSINESS SYSTEMS

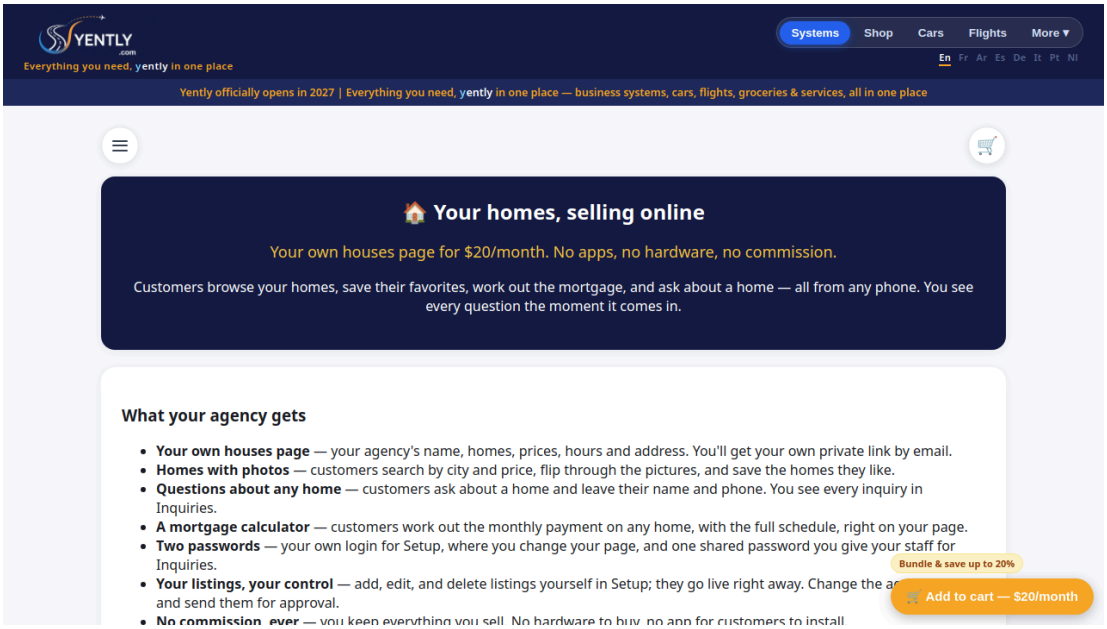

Your Houses System
A Step-by-Step Guide

From buying it to selling your first home online.

Yently — Everything you need, gently in one place.

November 2026 · For home sellers and estate agencies

This guide walks you through your Houses System from start to finish: how to buy it, how to set up your agency and your listings, how inquiries and favorites reach you, and how the mortgage calculator works. Every step shows you exactly where to click.

Your Houses page. This is the page your buyers see the offer on — and the page you buy it from. The gold button at the bottom right adds it to your cart.

Keep this guide with your setup email. It covers everything from the first click to the first home sold, in the order you will do it.

1. What you get

Your Houses System is your own houses page on the web, built and hosted by Yently. It has five parts:

- **Your own houses page** — your agency's name, homes, prices, hours and address, on your own private link.
- **Homes with photos** — buyers search by city and price, flip through the pictures, and save the homes they like.
- **Questions about any home** — buyers ask about a home and leave their name and phone. You see every inquiry in Inquiries.
- **A mortgage calculator** — buyers work out the monthly payment on any home, with the full schedule, right on your page.
- **Two passwords** — your own login for Setup, where you change your page, and one shared password you give your staff for Inquiries.

Buyers browse on any phone — no app to install, no hardware to buy. You see every question the moment it comes in. Your listings go live right away, the moment you save them.

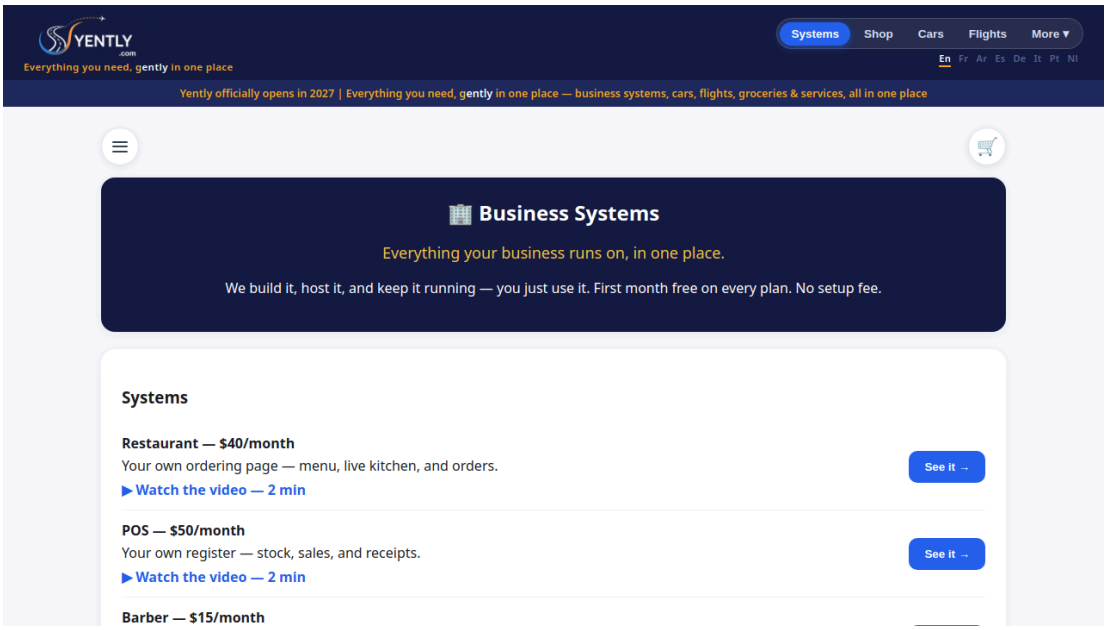

$20/month First month free. No setup fee. No commission on your sales, ever — you keep everything you sell.

2. How to buy it

Buying takes three clicks. There is no payment to make on the page today, and your first month is free.

Step 1. Find the Houses system

Open **yently.com** and tap **Systems** in the top menu. Houses is the seventh row — $20/month. Tap the blue **“See it →”** button on the right of that row.

The Systems hub. Houses is the seventh row, at $20/month. Scroll down to it and tap “See it” to open the Houses page.

Step 2. Add it to your cart

On the Houses page, tap the gold **“Add to cart — $20/month”** button at the bottom right of the screen.

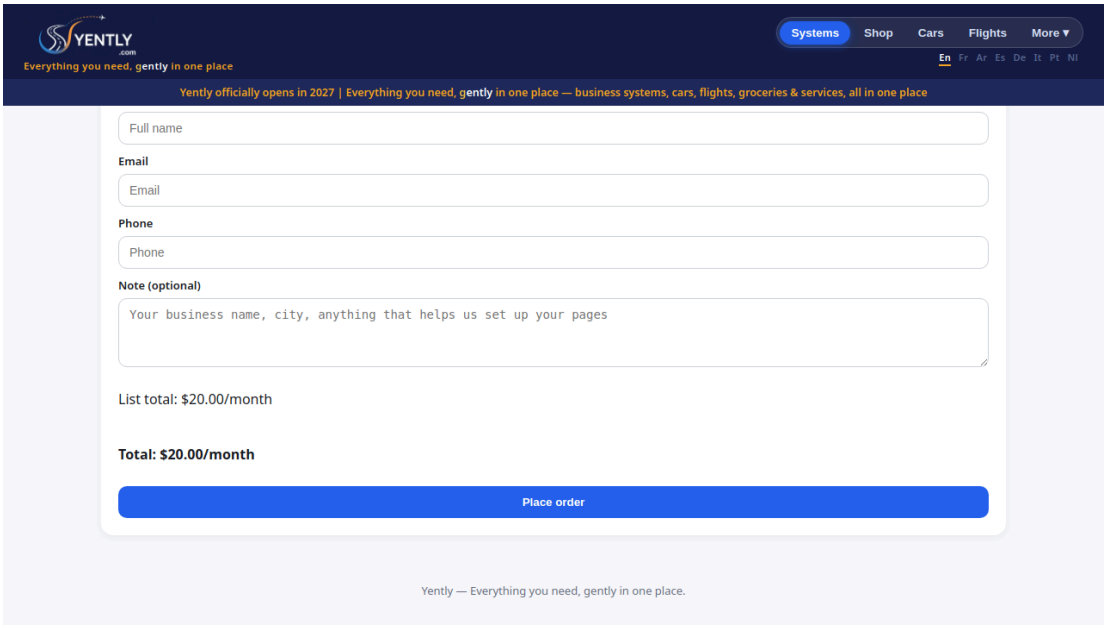

There is a second way in, on the same page: fill in the **“Get your houses online”** form lower down (your name, agency name, email and phone) and tap **“Send request”**. Yently will be in touch to set your houses page up.

Step 3. Check out

Tap **“Go to My Cart”** — or the cart icon at the top right. Fill in the checkout form:

- **Full name**, **Email** and **Phone**.
- **Note (optional)** — your business name and city help Yently set your page up.

Check the total: **List total: $20.00/month** and **Total: $20.00/month**. Then tap the blue **“Place order”** button.

My Cart checkout. Your details, the total of $20.00/month, and the blue “Place order” button. No card details are asked for.

Step 4. What happens next

Your order goes to Yently. There is no payment to make on the page today. Yently sets your houses page up and emails you **your own private link**, plus **your own username and password**. Nothing to install, nothing to build.

3. Your first login

Open your private link from the email. The page has **four tabs** at the top: **Homes, Favorites, Inquiries, Setup**.

Tap **Setup** and log in with the username and password from your email (the “Setup” boxes: Username and Password, then the **“Log in”** button).

> **Two passwords.** Your own Setup login is for you alone. The **employee password** is one shared password your staff use for Inquiries. Keep your Setup login to yourself.

4. Set up your houses page

After you log in to the Setup tab, you will see a note at the top:

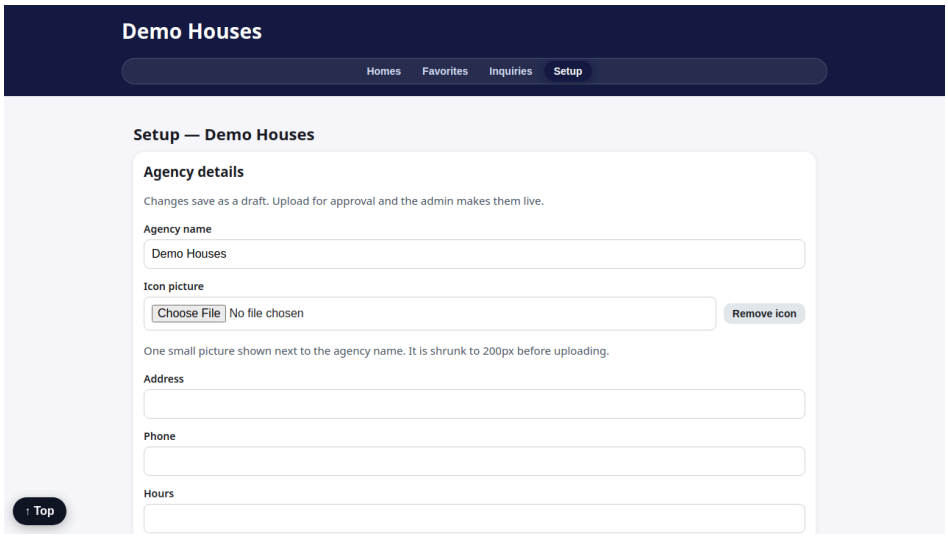

> “Changes save as a draft. Upload for approval and the admin makes them live.”

That means you can change things safely. Nothing goes live until you say so and Yently approves it.

Fill in these fields:

- **Agency name** — the name shown at the top of your page.
- **Icon picture** — one small picture shown next to your name. Pick a file; it is shrunk to 200px before uploading.
- **Address** — shown on your page so buyers can find you.
- **Phone** and **Hours** — shown on your page so buyers can reach you and know when you are open.
- **About** — a short line about your agency, shown under the name.

Below the fields you will see your draft status: **“Draft status: editing — not sent yet”**, then **“pending — waiting for Yently to approve it”** once you upload, and **“approved — approved, live now”** once Yently approves.

The Setup tab. Your agency details at the top, with the draft note above them. The Listings section sits below, on the same tab.

When you are done, tap **“Save draft”**. Your changes are saved as a draft. When you are happy with everything, tap **“Upload for approval”**. Yently approves it and your changes go live — the draft status line will then read “approved — approved, live now”.

Your listings work differently from the details above: listings go live right away, with no approval needed. See section 5.

5. Add your listings

In the Setup tab, under **Listings**, you will see the note: “Listings go live right away — no approval needed.” Fill in the **“Add a listing”** form:

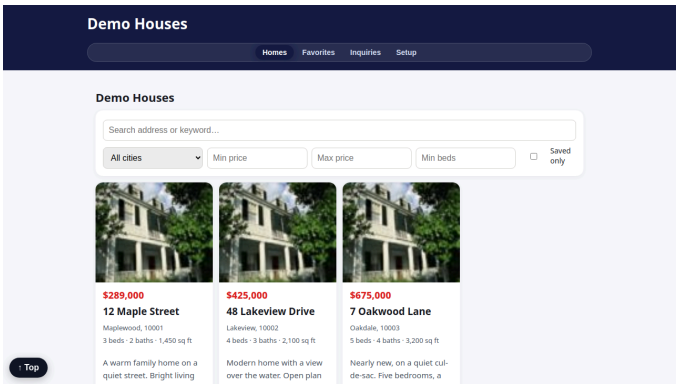

- **Street address, City and ZIP** — for example 12 Maple Street, Maplewood, 10001.
- **Price** — the asking price, shown with thousands separators ($289,000).
- **Bedrooms, Bathrooms, Square feet, Home age (years) and Stories** — the facts buyers filter on.
- **Description** — a short line about the home.
- **Features** — tick what the home has: Central Air, Fireplace, Swimming Pool, Basement, Cul-de-sac, Waterfront, Fenced Yard, Golf Course, Patio, Tennis Court, Deck, Porch, Water View.
- **Pictures (up to 7)** — pick photos of the home. They show as a slideshow on the home card.

Tap **“Save listing”** and it is on your page at once — no approval, no wait. To change a listing, tap **“Edit”** on its line in the list; to remove one, tap **“Delete”**. Changes go live right away, the same way.

6. Your houses page — what your buyers see

Your name, about text, address, phone and hours sit at the top of the page, with a search bar below them: search by address or keyword, pick a city, set a min and max price and a minimum number of beds, or tick **Saved only** to see just your favorites. Then:

- **One card per home.** A photo slideshow (‹ › arrows and a “1 of N” counter when there is more than one picture), the price in red, the address, the city and ZIP, and the details — beds, baths and square feet. Tap **“View home”** on a card to open it, or tap **“Save”** to keep it in Favorites.

Your houses page. The four tabs at the top, the search bar, and your homes with photos, prices and details.

The home popup — details, mortgage, and questions

Tapping **“View home”** opens the home in full: the pictures, the price, the address, **Home info** (bedrooms, bathrooms, square feet, home age, stories) and its **Features**. Two things buyers do there:

- **Mortgage calculator.** The price fills itself in. Enter a **Down payment**, the **Years** (30 to start) and the **Annual interest rate (%)** (7.5 to start), then tap **“Calculate”**. The page shows the **Monthly payment**, the total of all payments, the total cost including the down payment, and the total interest — and **“Show full schedule”** lists every month. Estimate only: taxes, insurance, and fees are not included.
- **Ask about this home.** The buyer fills in their **name**, **phone**, **email (optional)** and **message**, then taps **“Send question”**. The page answers with the inquiry number — and the question lands in your Inquiries (see section 7).

7. Inquiries and Favorites

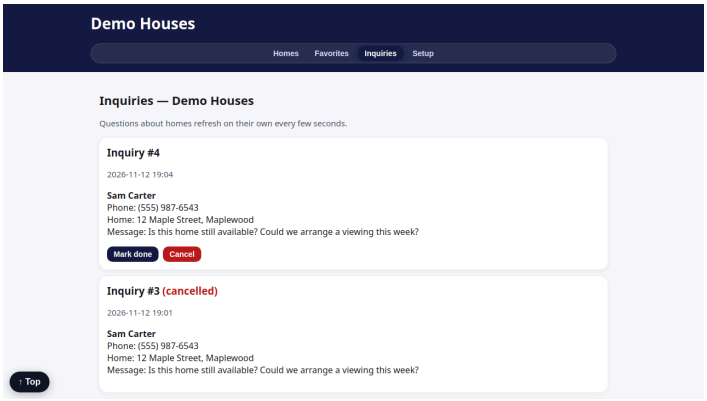

Two things your buyers do on your page, and both land where you can see them.

Inquiries

Tap the **Inquiries** tab and enter the employee password (see section 8). Every question about a home is there, in one list:

- **Inquiry #**, with the date and time it was made.
- The buyer's **name**, **phone** and **email**.
- The **home** it is about, and the buyer's **message**.
- The list refreshes on its own every few seconds, so new questions appear by themselves.

Under each inquiry, tap **"Mark done"** when it is handled, or **"Cancel"** — it asks "Cancel this inquiry?" first, so a wrong tap does nothing. A cancelled inquiry stays in the list, marked **(cancelled)**.

Inquiries. Inquiry #4 — Sam Carter, 12 Maple Street, Maplewood, with the buyer's phone and message — with "Mark done" and "Cancel" below it. A cancelled inquiry shows as "(cancelled)".

Favorites

When a buyer taps **"Save"** on a home, it goes to their **Favorites** tab — saved in that browser only, so it is theirs alone, on their own phone. The **Saved only** tick on the Homes tab shows just the saved homes. To take a home out of Favorites, tap **"Saved"** again.

8. The employee password

One shared password unlocks **Inquiries**. Every member of staff uses the same one, on any phone.

The password is **set by Yently** and comes with your setup email. There is no place in Setup to change it yourself — if you want it changed, ask Yently and they will change it for you.

The password is never saved on the phone. If the page is reloaded, staff enter it again. Tell your staff the password, and ask Yently to change it if someone leaves.

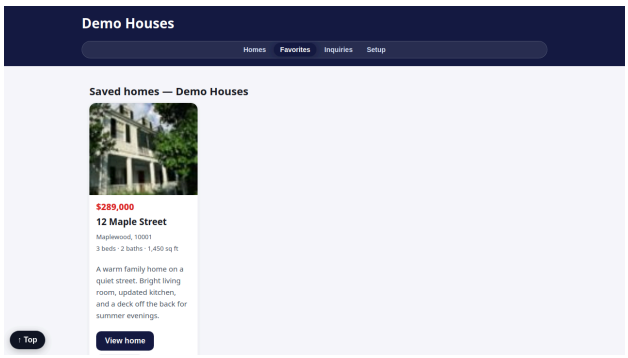

If your agency has no employee password set, Inquiries stays open and anyone can see it. Yently sets a password for you, so this does not happen by accident.

9. Add-ons — make it yours for a little more

Each add-on is added the same way as the Houses system — from its own page, into the same cart:

- **Clean Link — $2/month.** Your own short link, yently.com/your-name, instead of the long one. Easier to print on a card or a window.
- **TV Gallery — $2/month.** Your pictures on the big screen — a slideshow of your homes on the TV in your office.
- **Live Chat — $3/month.** Chat with visitors right on your page.

> **Bundle & save:** 2 plans 10% off, 3 plans 15% off, 4 or more plans 20% off. Your saving is applied automatically, no code needed.

Favorites. The homes a buyer saved, kept in their own browser, with the price and details on each card.

10. Prices at a glance

Plan	Price	First month
Houses system	$20/month	Free
Clean Link	$2/month	Free
TV Gallery	$2/month	Free
Live Chat	$3/month	Free

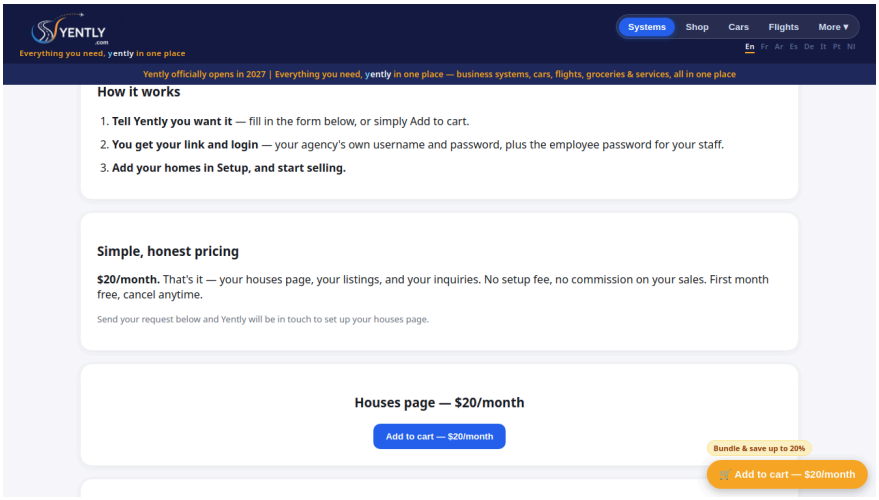

Bundle: 2 plans 10% off, 3 plans 15% off, 4 or more plans 20% off — applied automatically. No setup fee. No commission on your sales, ever.

Why Yently

Your houses page, your listings, your buyers — for **$20 a month**, first month free, no commission, no setup fee. You keep everything you sell.

Yently builds it, hosts it, and keeps it running. You just use it. Add a listing or change a price any time, in a minute, and add an add-on when you want more, for a few dollars a month.

Cancel any time.

How it works, in three steps. Tell Yently you want it, get your link and login, add your homes and start selling. Simple, honest pricing: $20/month, first month free, cancel any time.

11. Need help?

Use the **“Get your houses online”** form on the Houses page: fill in your name, agency name, email and phone, write your question in the message box, and tap **“Send request”**. Yently will be in touch to set up your houses page.

> **Your first sale, in short:** buy it on yently.com → get your link and login by email → log in to Setup → add your listings → inquiries land in Inquiries.

Thank you for choosing Yently. Your houses page is ready when you are — and Yently is one message away if you need a hand.
