YENTLY · BUSINESS SYSTEMS

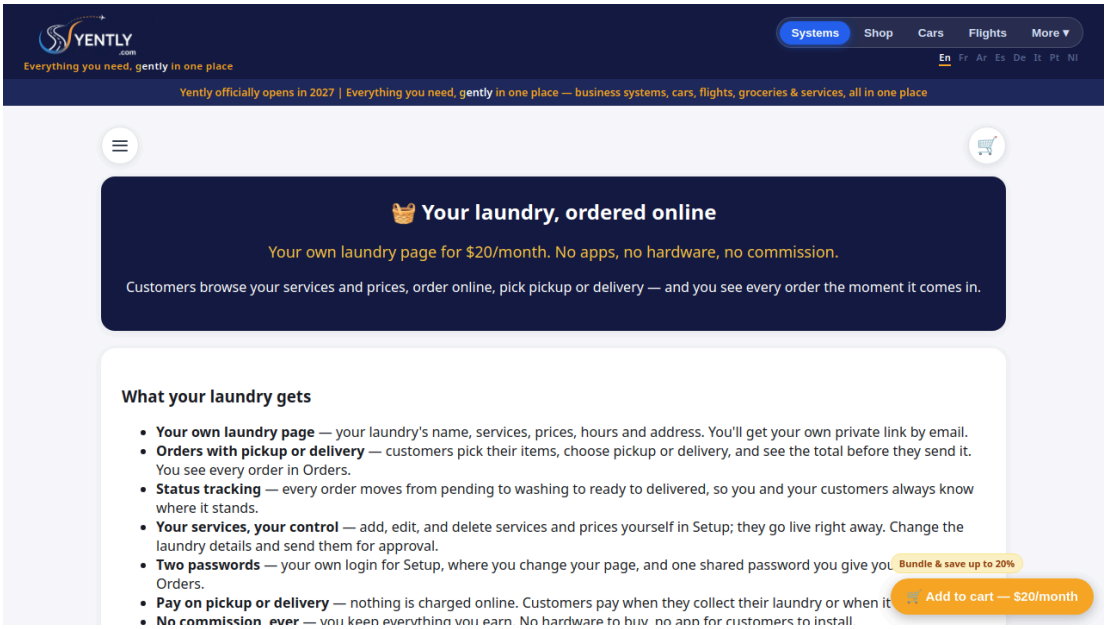

Your Laundry System
A Step-by-Step Guide

From buying it to taking your first order online.

Yently — Everything you need, gently in one place.

November 2026 · For laundry owners

This guide walks you through your Laundry System from start to finish: how to buy it, how to set up your laundry and your services, how orders reach you, and how the receipt and the order statuses work. Every step shows you exactly where to click.

Your Laundry page. This is the page your customers see the offer on — and the page you buy it from. The gold button at the bottom right adds it to your cart.

Keep this guide with your setup email. It covers everything from the first click to the first order delivered, in the order you will do it.

1. What you get

Your Laundry System is your own laundry page on the web, built and hosted by Yently. It has four parts:

- **Your own laundry page** — your laundry's name, services, prices, hours and address, on your own private link.
- **Orders with pickup or delivery** — customers pick their items, choose pickup or delivery, and see the total before they send it. You see every order in Orders.
- **Status tracking** — every order moves from pending to washing to ready to delivered, so you and your customers always know where it stands.
- **Your services, your control** — add, edit, and delete services and prices yourself in Setup; they go live right away.

Customers browse on any phone — no app to install, no hardware to buy. You see every order the moment it comes in. Nothing is charged online: customers pay when they collect their laundry, or when it arrives.

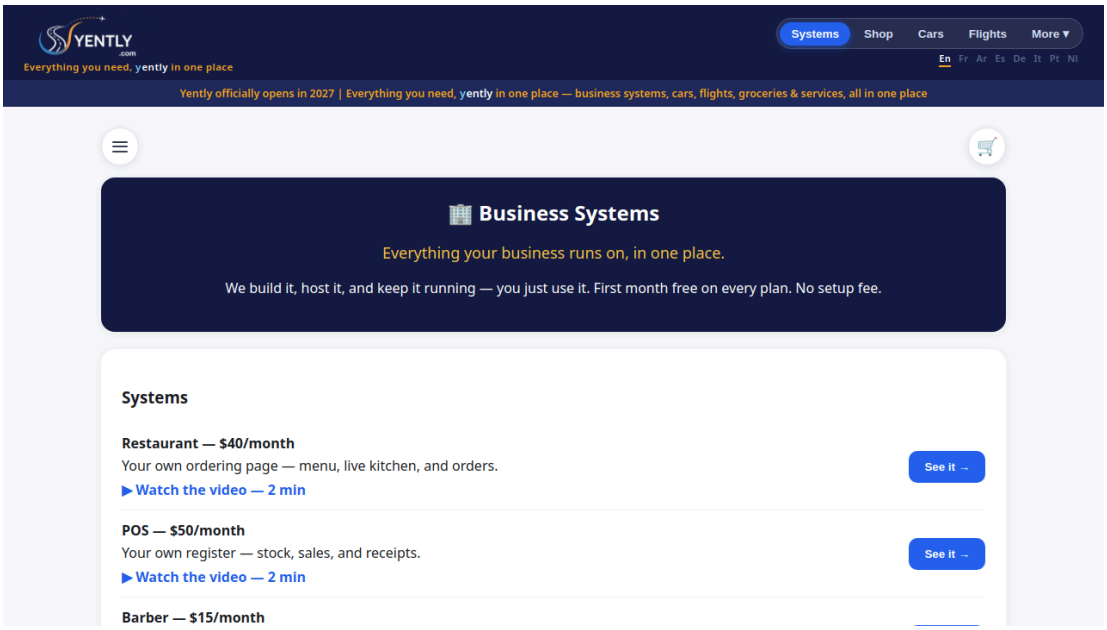

$20/month First month free. No setup fee. No commission on your orders, ever — you keep everything you earn.

2. How to buy it

Buying takes three clicks. There is no payment to make on the page today, and your first month is free.

Step 1. Find the Laundry system

Open **yently.com** and tap **Systems** in the top menu. Laundry is the eleventh row — $20/month. Tap the blue **“See it”** button on the right of that row.

The Systems hub. Laundry is the eleventh row, at $20/month. Scroll down to it and tap “See it” to open the Laundry page.

Step 2. Add it to your cart

On the Laundry page, tap the gold **“Add to cart — $20/month”** button at the bottom right of the screen.

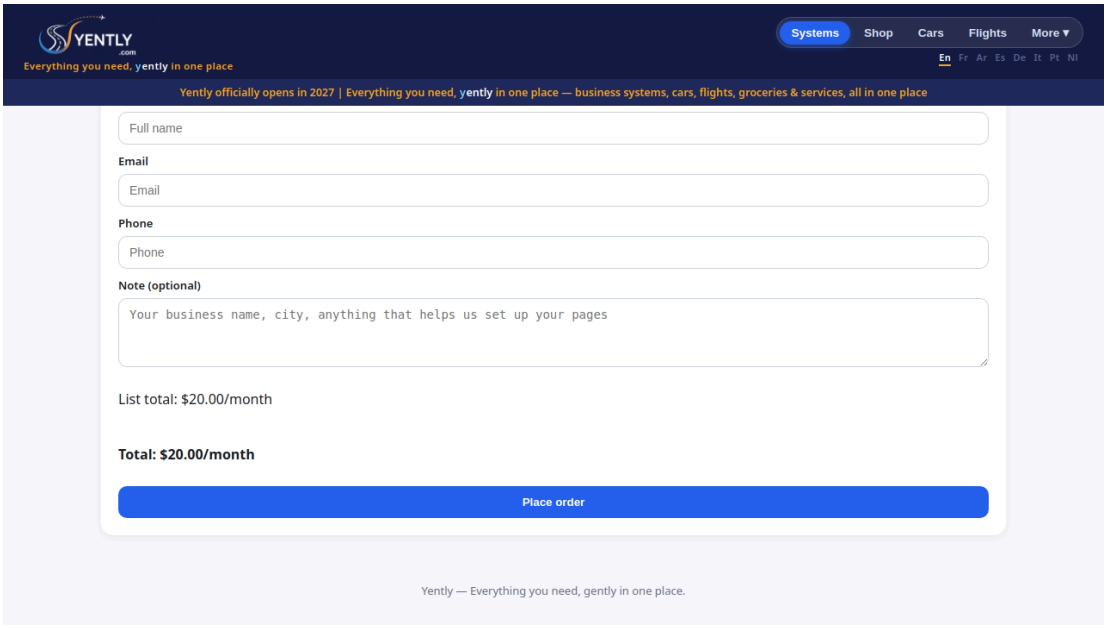

There is a second way in, on the same page: fill in the **“Get your laundry online”** form lower down (your name, laundry name, email and phone) and tap **“Send request”**. Yently will be in touch to set your laundry up.

Step 3. Check out

Tap **“Go to My Cart”** — or the cart icon at the top right. Fill in the checkout form:

- **Full name**, **Email** and **Phone**.
- **Note (optional)** — your business name and city help Yently set your page up.

Check the total: **List total: $20.00/month** and **Total: $20.00/month**. Then tap the blue **“Place order”** button.

My Cart checkout. Your details, the total of $20.00/month, and the blue “Place order” button. No card details are asked for.

Step 4. What happens next

Your order goes to Yently. There is no payment to make on the page today. Yently sets your laundry up and emails you **your own private link**, plus **your own username and password**. Nothing to install, nothing to build.

3. Your first login

Open your private link from the email. The page has **four tabs** at the top: **Services, Order, Orders, Setup**.

Tap **Setup** and log in with the username and password from your email (the “Setup” boxes: Username and Password, then the **“Log in”** button).

> **Two passwords.** Your own Setup login is for you alone. The **employee password** is one shared password your staff use for Orders. Keep your Setup login to yourself.

4. Set up your laundry page

After you log in to the Setup tab, you will see a note at the top:

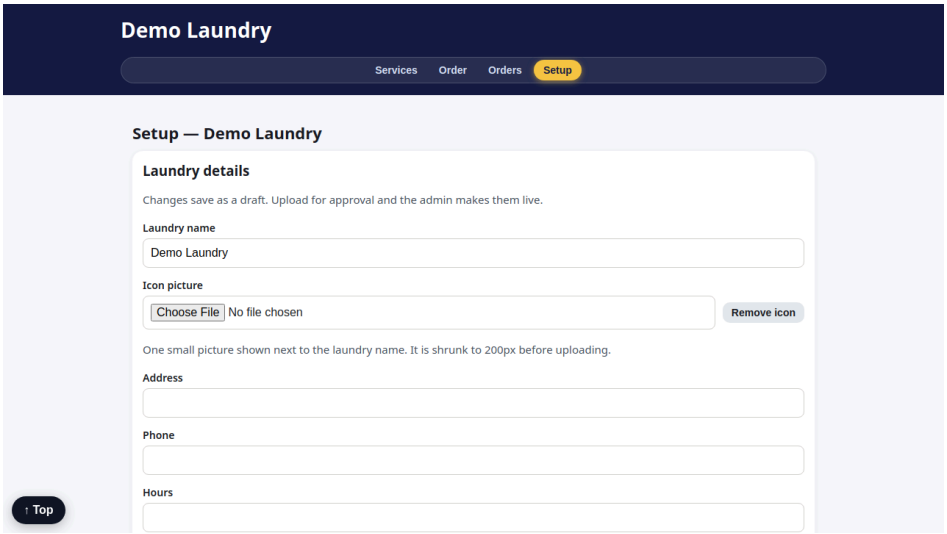

> “Changes save as a draft. Upload for approval and the admin makes them live.”

That means you can change things safely. Nothing goes live until you say so and Yently approves it.

Fill in these fields:

- **Laundry name** — the name shown at the top of your page.
- **Icon picture** — one small picture shown next to your name. Pick a file; it is shrunk to 200px before uploading.
- **Address** — shown on your page so customers can find you.
- **Phone** and **Hours** — shown on your page so customers can reach you and know when you are open.
- **About** — a short line about your laundry, shown under the name.

Below the fields you will see your draft status: **“Draft status: editing — not sent yet”**, then **“pending — waiting for Yently to approve it”** once you upload, and **“approved — approved, live now”** once Yently approves.

The Setup tab. Your laundry details at the top, with the draft note above them. The Services section sits below, on the same tab.

When you are done, tap **“Save draft”**. Your changes are saved as a draft. When you are happy with everything, tap **“Upload for approval”**. Yently approves it and your changes go live — the draft status line will then read “approved — approved, live now”.

Your services work differently from the details above: services go live right away, with no approval needed. See section 5.

5. Add your services and prices

In the Setup tab, under **Services**, you will see the note: “Services go live right away — no approval needed.” Fill in the **“Add a service”** form:

- **Name** — for example Wash Shirt, Iron Pants, Dry Clean Suit.
- **Category** — for example Washing, Ironing, Dry Cleaning. Services are grouped by category on your page.
- **Price** — the price for one piece.
- **Description** — a short line about the service.
- **Pictures (up to 7)** — pick photos of the service. They show as a slideshow on the service card.

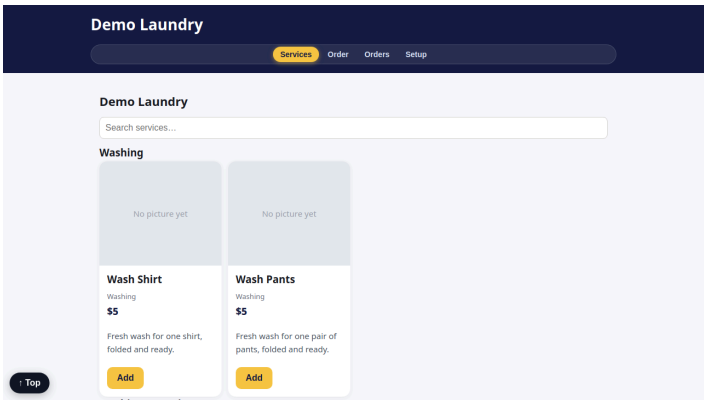

Tap **“Save service”** and it is on your page at once — no approval, no wait. To change a service, tap **“Edit”** on its line in the list; to remove one, tap **“Delete”**. Changes go live right away, the same way.

6. Your laundry page — what your customers see

Your name, about text, address, phone and hours sit at the top of the page, with a search box below them. Then, grouped by category, cheapest first:

- **One card per service.** A photo slideshow — or “No picture yet” — the name, the category, the price, and the description. Tap **“Add”** on a card to put it in the basket, then use the **+** and **−** buttons to set how many pieces.
- **Your basket.** Below the services, every line shows the service, the quantity and the line total, with a **Total** at the bottom and a **“Go to Order”** button.

Below the basket: “Found what you need? Add it to your basket, then finish your order from the Order tab. You pay when the clothes are collected or delivered.”

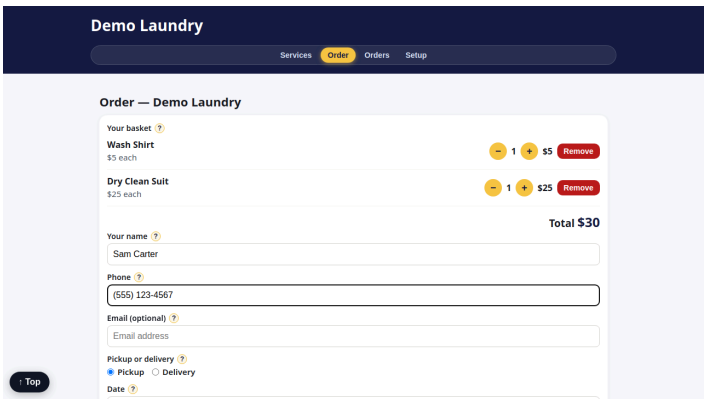

Your services page. The four tabs at the top, the search box, and your services grouped by category — Wash Shirt $5 and Wash Pants $5 under Washing, with an Add button on every card.

7. Orders and the receipt

On the **Order** tab, the customer sees their basket, then fills in the order form:

- **Your name** and **Phone** — required. **Email (optional)**.
- **Pickup or delivery** — Pickup or Delivery. **Date** — the day the clothes are picked up or brought in.
- **Payment** — Cash or Online. Either way, nothing is charged online.
- **Note (optional)** — stains, special care, a gate code, anything the laundry should know.

Tap **“Place order”** and the page answers with the receipt: **“Order placed — LA-000001”**, the services and quantities, the **Total**, the name and phone, pickup or delivery, the date and the payment — and “Pay at pickup — show your name and order number when the clothes are collected or delivered.” (For a delivery order it reads “Pay on delivery”.)

Placing an order. The basket — Wash Shirt $5 and Dry Clean Suit $25, Total $30 — with the name and phone filled in, Pickup chosen, and “Place order” below.

Every order lands in **Orders** (see the tab at the top). Each order shows its **number**, when it was made, the customer’s **name**, **phone** and **email**, the **items**, the **total**, **pickup or delivery** with the date, the **payment**, and any **note**. The list refreshes on its own every few seconds, so new orders appear by themselves.

Move each order along as you work: tap **“Start washing”** (pending → washing), then **“Mark ready”** (washing → ready), then **“Mark delivered”** (ready → delivered). Tap **“Cancel”** if an order is not going ahead — it asks “Cancel this order?” first, so a wrong tap does nothing.

8. The employee password

One shared password unlocks **Orders**. Every member of staff uses the same one, on any phone.

The password is **set by Yently** and comes with your setup email. There is no place in Setup to change it yourself — if you want it changed, ask Yently and they will change it for you.

The password is never saved on the phone. If the page is reloaded, staff enter it again. Tell your staff the password, and ask Yently to change it if someone leaves.

If your laundry has no employee password set, Orders stays open and anyone can see it. Yently sets a password for you, so this does not happen by accident.

9. Add-ons — make it yours for a little more

Each add-on is added the same way as the Laundry system — from its own page, into the same cart:

- **Clean Link — $2/month.** Your own short link, yently.com/your-name, instead of the long one. Easier to print on a card or a window.
- **TV Gallery — $2/month.** Your pictures on the big screen — a slideshow of your services on the TV in your shop.
- **Live Chat — $3/month.** Chat with visitors right on your page.

> **Bundle & save:** 2 plans 10% off, 3 plans 15% off, 4 or more plans 20% off. Your saving is applied automatically, no code needed.

10. Prices at a glance

Plan	Price	First month
Laundry system	$20/month	Free
Clean Link	$2/month	Free
TV Gallery	$2/month	Free
Live Chat	$3/month	Free

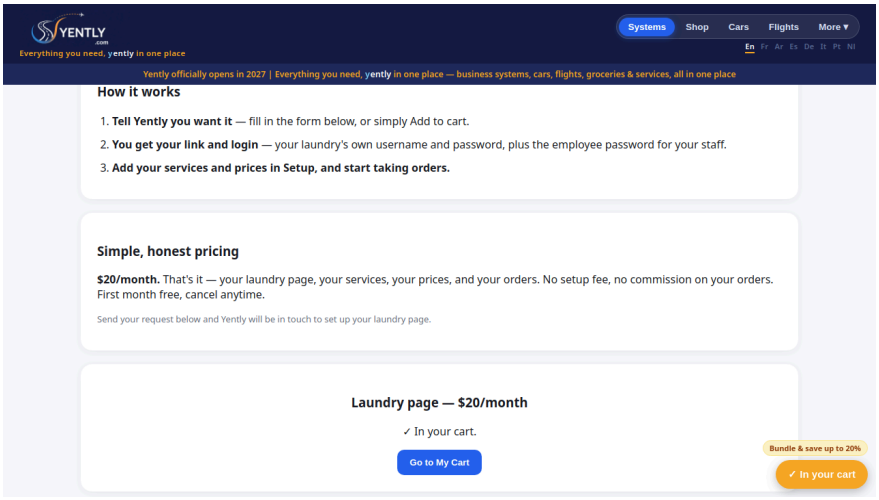

Bundle: 2 plans 10% off, 3 plans 15% off, 4 or more plans 20% off — applied automatically. No setup fee. No commission on your orders, ever.

11. Why Yently

Your laundry page, your services, your customers — for **$20 a month**, first month free, no commission, no setup fee. You keep everything you earn.

Yently builds it, hosts it, and keeps it running. You just use it. Add a service or change a price any time, in a minute, and add an add-on when you want more, for a few dollars a month.

Cancel any time.

How it works, in three steps. Tell Yently you want it, get your link and login, add your services and start taking orders. Simple, honest pricing: $20/month, first month free, cancel any time.

12. Need help?

Use the **“Get your laundry online”** form on the Laundry page: fill in your name, laundry name, email and phone, write your question in the message box, and tap **“Send request”**. Yently will be in touch to set up your laundry page.

> **Your first order, in short:** buy it on yently.com → get your link and login by email → log in to Setup → add your services → orders land in Orders, and you move them from pending to washing to ready to delivered.

Thank you for choosing Yently. Your laundry page is ready when you are — and Yently is one message away if you need a hand.
