YENTLY · YENTLY KIDS

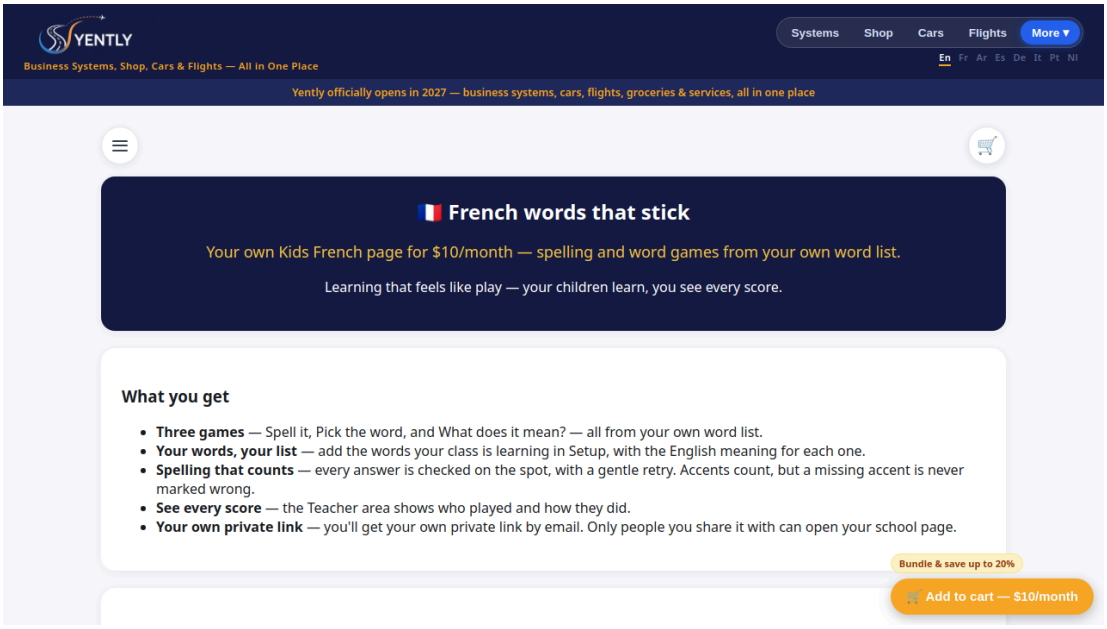

Your Kids French Page
A Step-by-Step Guide

From buying it to your first game of French words.

Yently — Everything you need, gently in one place.

November 2026 · For parents and teachers

This guide walks you through your Kids French page from start to finish: how to buy it, how to add your students and words, how the three games work, and how the Teacher area shows every score. Every step shows you exactly where to click.

Your Kids French page. This is the page parents and teachers see the offer on — and the page you buy it from. The gold button at the bottom right adds it to your cart.

Keep this guide with your setup email. It covers everything from the first click to the first game, in the order you will do it.

1. What you get

Your Kids French page is your own French word-games page on the web, built and hosted by Yently. It has three parts:

- **Three games for children** — Spell it, Pick the word, and What does it mean? — all from your own word list.
- **Your own word list** — the French words your class is learning, with the English meaning for each one.
- **Scores for the teacher** — every finished game is saved, so you can see who played and how they did.

Children play on their phones or computers — no app to install, nothing to download. There is nothing for a child to log in to: they tap their name and play.

Your page has its own private link. Only people you share it with can open your school page.

$10/month First month free. No setup fee. Cancel anytime.

2. How to buy it

Buying takes three clicks. There is no payment to make on the page today, and your first month is free.

Step 1. Find the French page
Open yently.com and tap **More** in the top menu, then **Yently Kids**. French is one of the nine rows — $10/month. Tap the blue “See it →” button on the right of that row.

Step 2. Add it to your cart
On the French page, tap the gold “Add to cart — $10/month” button at the bottom right of the screen.

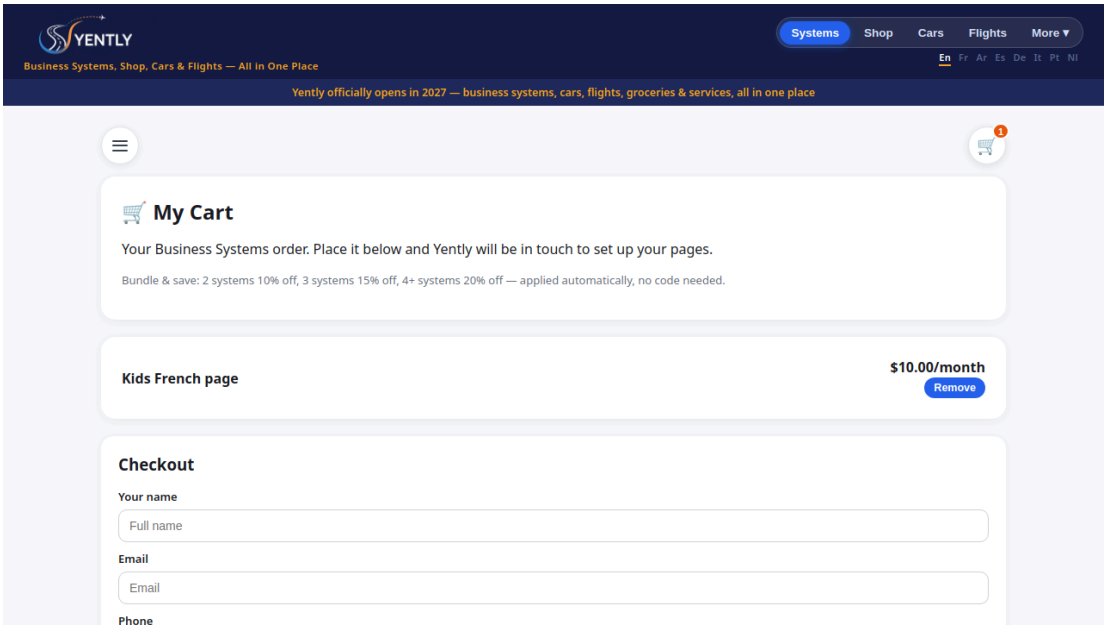

There is a second way in, on the same page: fill in the “Get your Kids French page” form lower down (your name, school name, email and phone) and tap “Send request”. Yently will be in touch to set your French page up.

Step 3. Check out

Tap “Go to My Cart” — or the cart icon at the top right. Fill in the checkout form:

- **Full name**, **Email** and **Phone**.
- **Note** (optional) — anything that helps Yently set your page up, like your school name and city.

Check the total: List total: $10.00/month and Total: $10.00/month. Then tap the blue “Place order” button.

My Cart. Kids French page at $10.00/month, and the checkout form — your name, email and phone. No card details are asked for.

Step 4. What happens next

Your order goes to Yently. There is no payment to make on the page today. Yently sets your school up and emails you your own private link, plus your own username and password and the teacher password. Nothing to install, nothing to build.

3. Your first login

Open your private link from the email. The page has three tabs at the top: **Play**, **Teacher**, **Setup**.

Tap **Setup** and log in with the username and password from your email (the “Setup sign-in” boxes: Username and Password).

> **Two logins.** Your own Setup login is for you alone. The teacher password is one shared password for the Teacher area, and it comes in the same email. Keep your Setup login to yourself.

Children never log in. On the Play tab they just tap their name and pick a game. Only your private link opens your school — a link with no school in it just shows “School not found”.

4. Set up your school

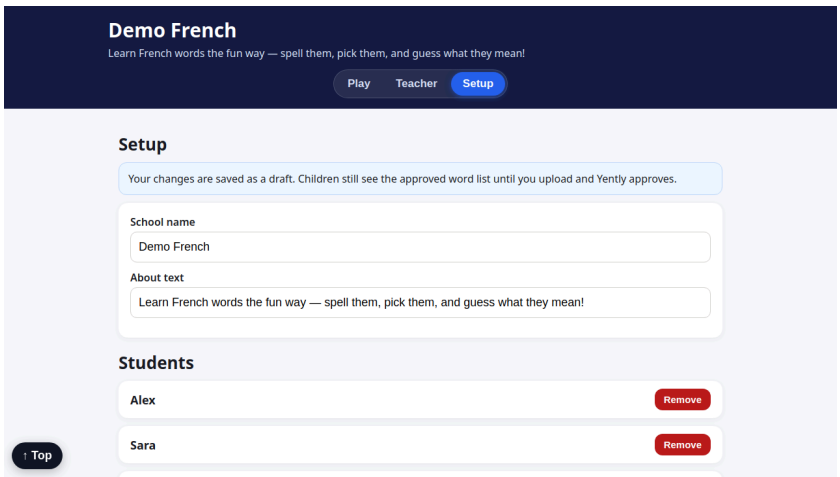

After you log in to the Setup tab, you will see a note at the top:

“Your changes are saved as a draft. Children still see the approved word list until you upload and Yently approves.”

Fill in these fields:

- **School name** — the name shown at the top of your page.
- **About text** — a short line about your school, shown under the name.

Then add your students: type a name in the “New student name…” box and tap “+ Add student”. To remove one, tap “Remove” on their row — the page asks “Remove this student?” first.

The Setup tab. Your school details at the top, with the draft note above them. The students list sits below, on the same tab.

When you are done, tap “Save draft”. When you are happy with everything, tap “Upload for approval” — Yently approves it, your changes go live, and you will get a confirmation once they are live.

5. Add your words

In the Setup tab, under **Words**, type a French word and its English meaning, then tap “+ Add word”. One card appears for the word. Add one card per word — the words your class is learning.

Each word card has two boxes: **French word** and **English meaning**. You can change either one any time — just type in the box. To remove a word, tap “Remove word” on its card. The page asks “Remove this word?” first.

Your school needs at least **4 words** before the games can start. Add a few more than that, so each game has plenty to choose from.

When the words are done, tap “Save draft”, then “Upload for approval”. Yently approves it and your new word list goes live right away.

Change a word or add new ones any time, the same way: edit it in Setup, save the draft, upload for approval.

6. Your school page — what children see

Your school name and about text sit at the top of the page, with the three tabs below: **Play**, **Teacher**, **Setup**.

On the Play tab, the page says “Bonjour!” and asks “Who is playing today?” — your students’ names appear as big buttons. A child taps their name, and the page remembers it on that device, so they only pick once — then it shows the three games.

Want to see it first? On the French page, tap “Interested in a demo?” and Yently will send you the demo link — the demo school has three students, Alex, Sara and Omar, so you can try all three games.

7. Playing a game

A game is ten rounds. Each round shows “Round 1 of 10” and the stars earned so far. The three games:

- **Spell it** — see the English meaning, type the French word, tap “Check”. Accents count, but a missing accent is never marked wrong: “elephant” and “éléphant” are both right.
- **Pick the word** — see the English meaning, pick the right French word from four choices.
- **What does it mean?** — see a French word, pick the right English meaning from four choices.

Every answer is checked on the spot. A right answer earns a star and a cheer — “Great job!”, “Well done!”, “Super!”. A wrong answer shows the right one, gently: “Not quite — … You will get the next one!”

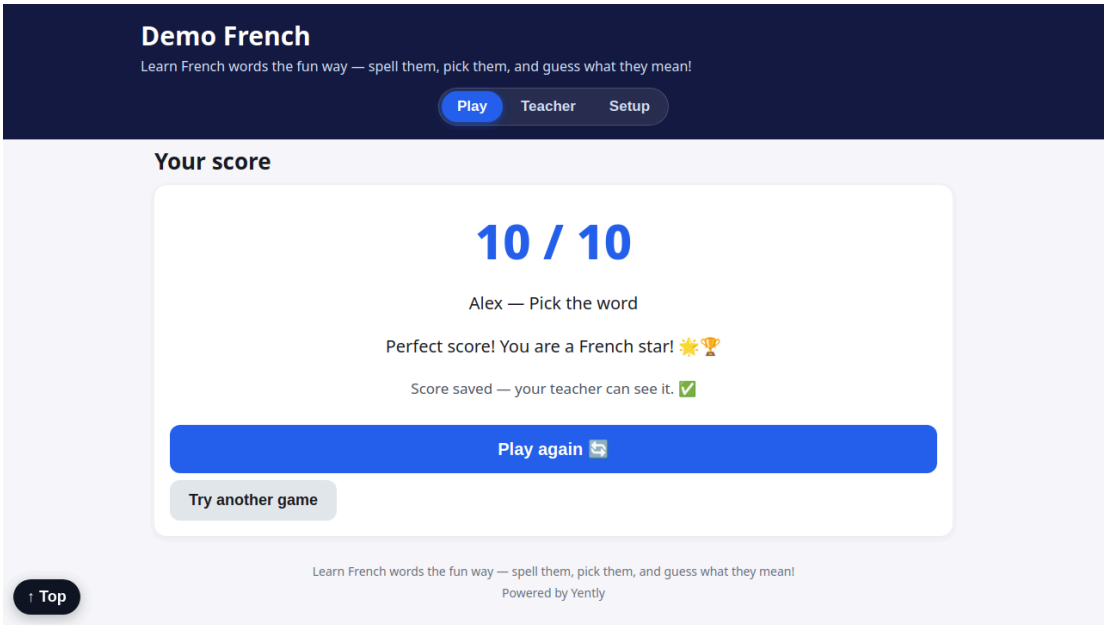

Tap “Next” for the next round, or “Stop playing” to quit at any time.

Pick the word, in the demo school. “Which French word means this?” — sun — and four choices. Alex picked “soleil”, and the page says “Well done!”.

After the tenth round, tap “See my score”. The score screen shows the score big — “10 / 10” — the child’s name and the game, and a message: a perfect score is “Perfect score! You are a French star!”, and lower scores get “Great playing!”, “Good try!” or “Nice try!”.

The score is saved at once: “Score saved — your teacher can see it.” The child can tap “Play again” or “Try another game”.

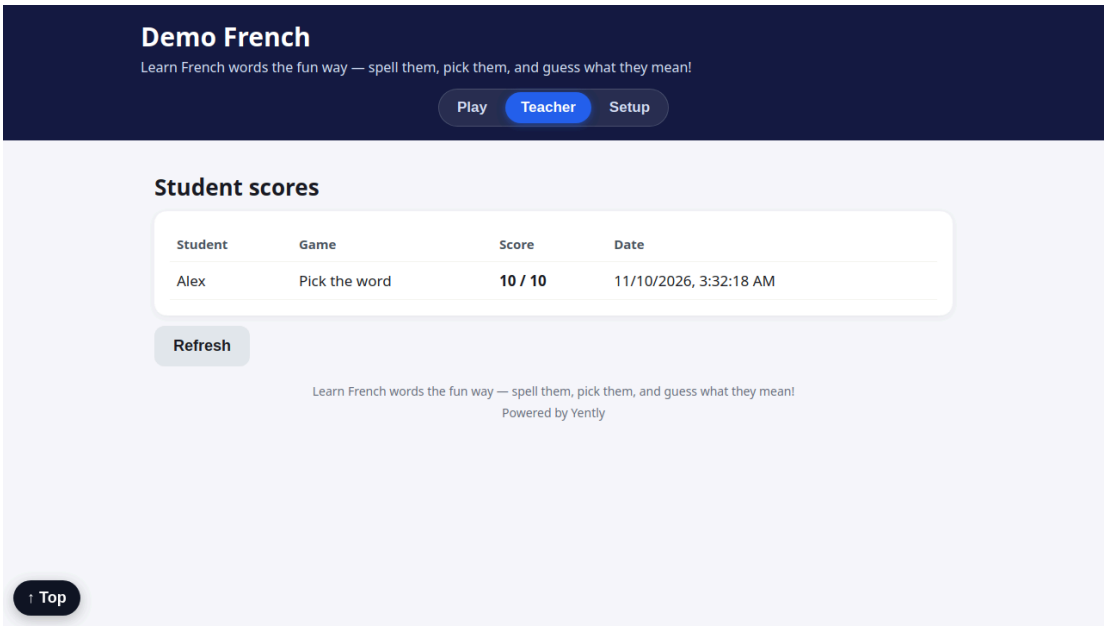

The score screen. Alex finished Pick the word with 10 out of 10, and the score is saved for the teacher.

8. The Teacher area — scores

Tap the “Teacher” tab. Enter the teacher password and tap “Unlock”. The scores table opens: **Student**, **Game**, **Score** and **Date** — one row for every finished game.

Tap “Refresh” to see the newest scores.

If no child has finished a game yet, the page says: “No scores yet — once a child finishes a game, their score shows up here.”

The Teacher tab. Alex’s finished game — Pick the word, 10 out of 10 — in the scores table.

9. The teacher password

One shared password unlocks the Teacher area. Every teacher uses the same one, on any phone or computer.

The password is set by Yently and comes with your setup email. There is no place in Setup to change it yourself — if you want it changed, ask Yently and they will change it for you.

The password is never saved on the phone. If the page is reloaded, the teacher enters it again. Tell your teachers the password, and ask Yently to change it if someone leaves.

If your school has no teacher password set, the Teacher area stays open and anyone can see the scores. Yently sets a password for you, so this does not happen by accident.

10. Add-ons — make it yours for a little more

Each add-on is added the same way as the French page — from its own page, into the same cart:

- **Clean Link** — $2/month. Your own short link, yently.com/your-name, instead of the long one. Easier to print on a card or a classroom door.
- **TV Gallery** — $2/month. Your pictures on the big screen — a slideshow of your class on the TV in your school.
- **Live Chat** — $3/month. Chat with visitors right on your page.

Bundle & save: 2 plans 10% off, 3 plans 15% off, 4 or more plans 20% off. Your saving is applied automatically, no code needed. Your other Kids subjects count just like any other plan.

11. Prices at a glance

Plan	Price	First month
Kids French page	$10/month	Free
Clean Link	$2/month	Free
TV Gallery	$2/month	Free
Live Chat	$3/month	Free

Bundle: 2 plans 10% off, 3 plans 15% off, 4 or more plans 20% off — applied automatically. No setup fee. Cancel anytime.

All nine Kids subjects together are $90 a month — $72 a month with 20% off.

12. Why Yently

Yently is **$10 a month**, first month free, no setup fee. Cancel anytime.

Yently builds it, hosts it, and keeps it running. You just use it. Add words any time, and add another subject when you want more, for $10 a month — and save 10%, 15% or 20% when you bundle.

13. Need help?

Use the “Get your Kids French page” form on the French page: fill in your name, school name, email and phone, write your question in the message box, and tap “Send request”. Yently will be in touch to set up your Kids French page.

Your first game, in short: buy it on yently.com → get your link and login by email → log in to Setup → add your students and words → upload for approval → children tap their name, pick a game, and play.

Thank you for choosing Yently. Your French page is ready when you are — and Yently is one message away if you need a hand.
