YENTLY · YENTLY KIDS

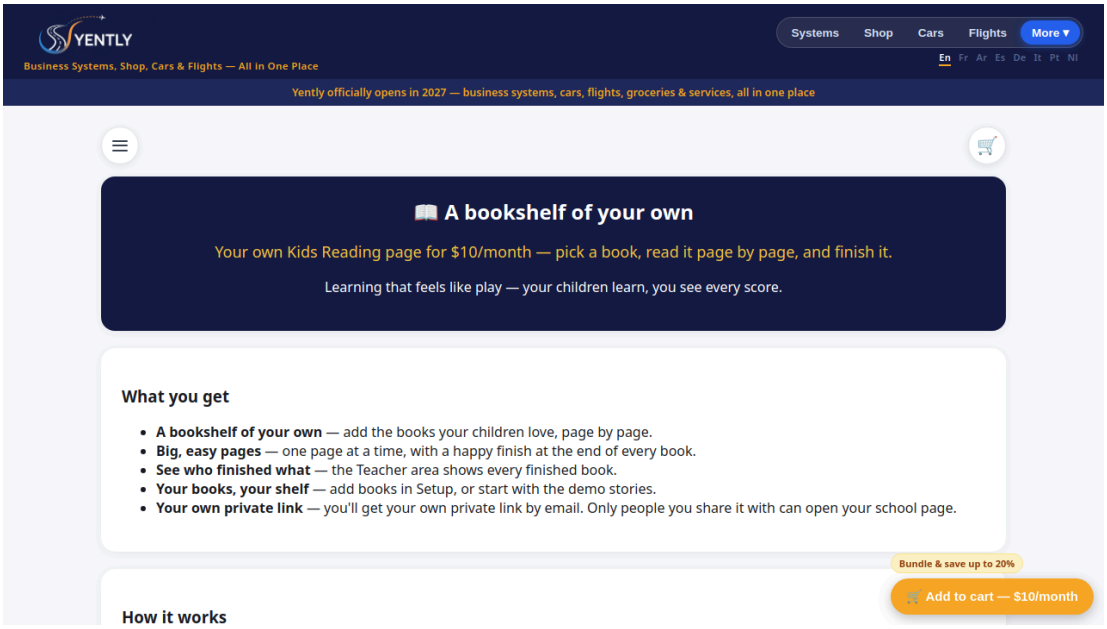

Your Kids Reading School
A Step-by-Step Guide

From buying it to your child's first finished book.

Yently — Everything you need, gently in one place.

November 2026 · For parents and teachers

This guide walks you through your Kids Reading school from start to finish: how to buy it, how to set up your school and your books, how children read on it, and how you see their progress in the Teacher area. Every step shows you exactly where to click.

Your Kids Reading page. "A bookshelf of your own" — this is the page your children read on, and the page you buy it from. The gold button at the bottom right adds it to your cart.

Keep this guide with your setup email. It covers everything from the first click to the first finished book, in the order you will do it.

1. What you get

Your Kids Reading school is your own reading page on the web, built and hosted by Yently. It has three parts:

- **Your own bookshelf** — your school's name and books, on your own private link. Only people you share the link with can open it.
- **Big, easy pages** — children read one page at a time, with a happy finish at the end of every book.
- **A Teacher area** — every finished book shows up there, with the child's name and when they finished it, so you always know how your children are doing.

Children tap their name, pick a book from the shelf, and read. Nothing to install — it works on the phones and tablets you already have.

Your books are yours: add the books your children love, page by page, or start with the demo stories that come with the school.

$10/month First month free. No setup fee. Cancel any time.

2. How to buy it

Buying takes three clicks. There is no payment to make on the page today, and your first month is free.

Step 1. Find the Reading school

Open **yently.com** and tap **More** in the top menu, then **Yently Kids**. Reading is one of the nine subjects — $10/month. Tap the blue **“See it”** button on the right of that row.

Step 2. Add it to your cart

On the Reading page, tap the gold **“Add to cart — $10/month”** button at the bottom right of the screen.

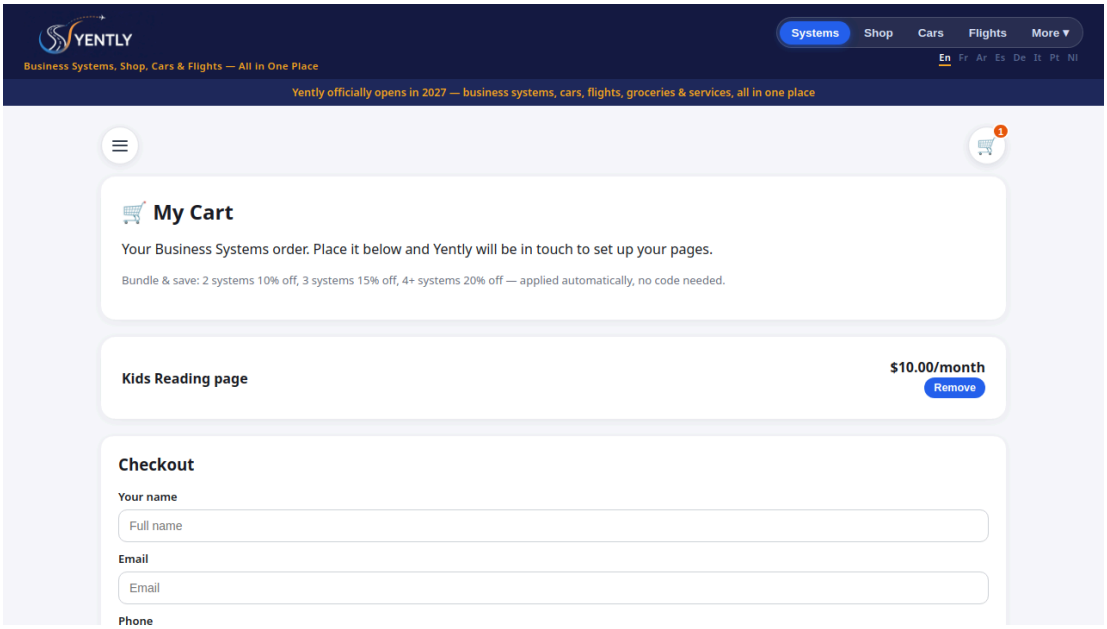

There is a second way in, on the same page: fill in the **“Get your Kids Reading page”** form lower down (your name, school name if you like, email and phone) and tap **“Send request”**. Yently will be in touch to set up your Kids Reading page.

Step 3. Check out

Tap **“Go to My Cart”** — or the cart icon at the top right. Fill in the checkout form:

- **Full name**, **Email** and **Phone**.
- **Note (optional)** — your school name and city help Yently set your page up.

Check the total: **Kids Reading page, $10.00/month**. Then tap the blue **“Place order”** button.

My Cart checkout. The Kids Reading page at $10.00/month, and your details below — Full name, Email, Phone. No card details are asked for; the blue “Place order” button is just below.

Step 4. What happens next

Your order goes to Yently. There is no payment to make on the page today. Yently sets your school up and emails you **your own private link**, plus **your own username and password**, and the **teacher password**. Nothing to install, nothing to build.

3. Your first login

Open your private link from the email. The page has **three tabs** at the top: **Play, Teacher, Setup**.

Tap **Setup** and log in with the username and password from your email (the “Setup sign-in” boxes: Username and Password).

> **Two passwords.** Your own Setup login is for you alone. The **teacher password** is one shared password your teachers use for the Teacher area. Keep your Setup login to yourself.

4. Set up your school

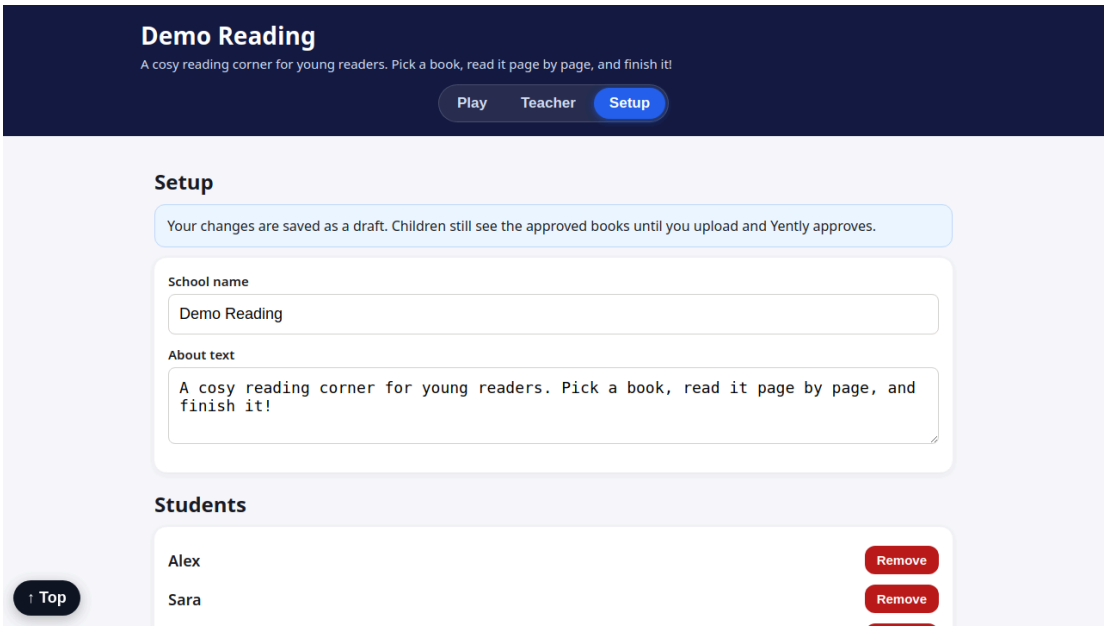

After you log in to the Setup tab, you will see a note at the top:

> “Your changes are saved as a draft. Children still see the approved books until you upload and Yently approves.”

That means you can change things safely. Nothing goes live until you say so and Yently approves it.

Fill in these fields:

- **School name** — the name shown at the top of your page.
- **About text** — a short line about your school, shown under the name.
- **Students** — type a child’s name and tap **“+ Add student”**. To remove a name, tap **“Remove”** next to it.

The Setup tab. Your school name and about text at the top, with the draft note above them. The students list sits below, on the same tab.

When you are done, tap **“Save draft”**. Your changes are saved as a draft — children still see the approved books. When you are happy with everything, tap **“Upload for approval”**. Yently approves it and your changes go live. You will get an email once they are live.

5. Add your books

In the Setup tab, under **Books**, tap **“+ Add book”**. A card appears for the book. Fill it in:

- **Title** — the name of the book.
- **Author** — who wrote it.
- **Cover emoji** — pick a picture for the book cover, from the row of emojis.
- **Pages — one page per line** — type the book one page at a time, a new line for each page. Each line becomes one big, easy page for the child to read.

Add one card per book. To remove a book, tap **“Remove book”** on its card. When the books are done, tap **“Save draft”**, then **“Upload for approval”**. Yently approves them and your new books go live.

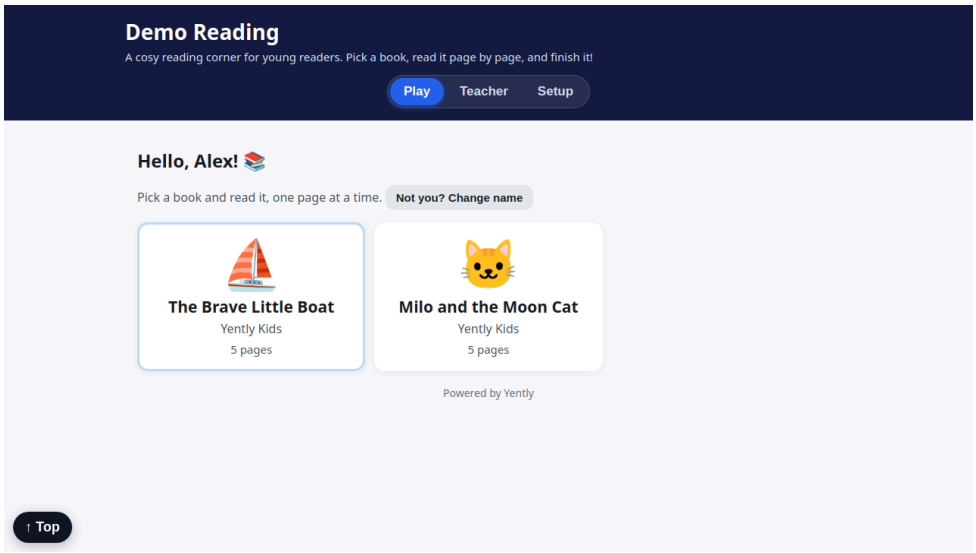

Add a book or change a page any time, the same way: edit it in Setup, save the draft, upload for approval.

6. Your bookshelf — what children see

Children open your private link and land on the **Play** tab. First they see “Who is reading today?” — they tap their name, and their bookshelf opens.

- **One card per book** — its cover emoji, title, author, and how many pages it has. In the demo school, that is *The Brave Little Boat* and *Milo and the Moon Cat*, five pages each.
- **A finished tick** — books a child already finished show a green “Finished” tick on the card, so they can see what they have read.
- **Wrong name?** — the **“Not you? Change name”** button takes them back to pick another name.

The bookshelf is public: anyone with your link can open it and read. Only the Teacher area needs a password — see section 8.

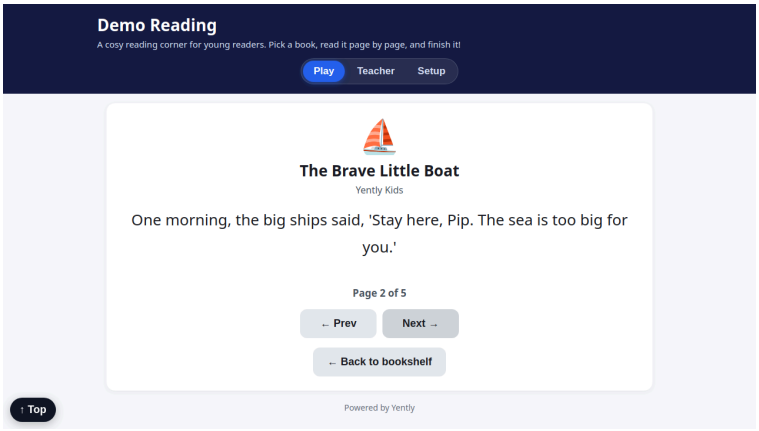

Your bookshelf. The three tabs at the top, “Hello, Alex!”, and two books to pick from — *The Brave Little Boat* and *Milo and the Moon Cat*.
A link with no school on it shows “Reading page not found”. If someone opens your link and sees that, the link is wrong — ask Yently for your reading link.

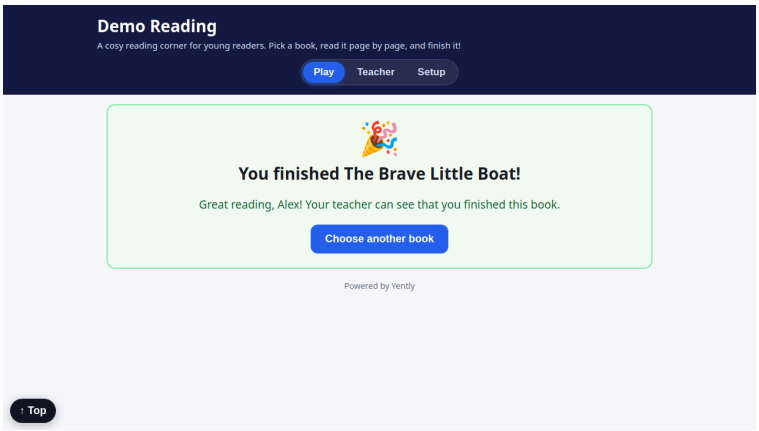

7. Reading a book, start to finish

Reading is simple on purpose: one big page at a time, nothing else on the screen.

1. On the bookshelf, tap a book. It opens on page 1.
2. Tap **“Next”** to turn the page, **“Prev”** to go back. The page count shows where you are — for example “Page 2 of 5”.
3. On the last page, tap the blue **“I finished this book!”** button.
4. A happy finish appears: “You finished *The Brave Little Boat*! Great reading, Alex!” Tap **“Choose another book”** to go back to the shelf.

Reading. One big page at a time — “Page 2 of 5” of *The Brave Little Boat* — with Prev and Next to turn the pages.

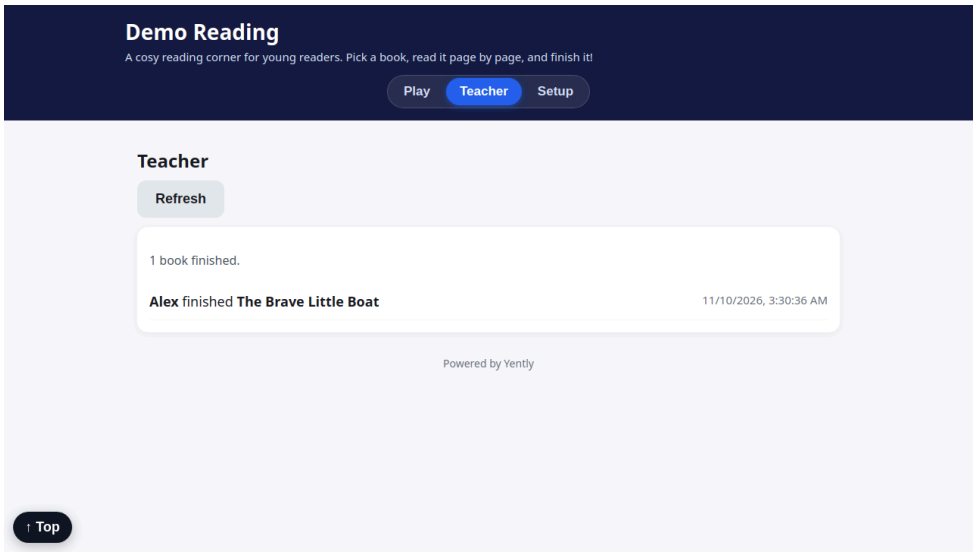

The happy finish. Finishing a book shows this page, and the finish is saved — once per child per book, so reading it again never counts twice.

8. The Teacher area

Tap the **Teacher** tab. Enter the **teacher password** and tap **“Unlock”**. You see every book your children have finished:

- **How many** — “1 book finished.” at the top, counted for the whole school.
- **Who finished what, and when** — one line per finish, for example “Alex finished *The Brave Little Boat*”, with the date and time next to it.
- **Refresh** — tap the **“Refresh”** button to see the newest finishes.

If nobody has finished a book yet, the page says so: “No books finished yet. When a child finishes a book, their name and the book show up here.”

The Teacher area. “1 book finished.” — Alex finished *The Brave Little Boat*, with the date and time. The Refresh button brings in the newest finishes.

9. The teacher password

One shared password unlocks the **Teacher area**. Every teacher uses the same one, on any phone.

The password is **set by Yently** and comes with your setup email. There is no place in Setup to change it yourself — if you want it changed, ask Yently and they will change it for you.

The password is never saved on the phone. If the page is reloaded, teachers enter it again. Tell your teachers the password, and ask Yently to change it if someone leaves.

If your school has no teacher password set, the Teacher area stays open and anyone with the link can see it. Yently sets a password for you, so this does not happen by accident.

10. Add-ons — make it yours for a little more

Each add-on is added the same way as the Reading school — from its own page, into the same cart:

- **Clean Link — $2/month.** Your own short link, yently.com/your-name, instead of the long one. Easier to print on a card or a classroom poster.
- **TV Gallery — $2/month.** Your pictures on the big screen — a slideshow on the TV in your classroom or library.
- **Live Chat — $3/month.** Chat with visitors right on your page.

> **Bundle & save:** 2 plans 10% off, 3 plans 15% off, 4 or more plans 20% off. Your saving is applied automatically, no code needed. Kids subjects count like any plan.

11. Prices at a glance

Plan	Price	First month
Kids Reading school	$10/month	Free
Each extra Kids subject	$10/month	Free
Clean Link	$2/month	Free
TV Gallery	$2/month	Free
Live Chat	$3/month	Free

Bundle: 2 plans 10% off, 3 plans 15% off, 4 or more plans 20% off — applied automatically. All nine Kids subjects together are $90 a month, or $72 with the 20% bundle saving. No setup fee.

12. Why Yently

Yently is **$10 a month**, first month free, no setup fee. Yently builds it, hosts it, and keeps it running. You just use it.

Add a book or a student any time, add another subject when you want more — each one is $10 a month, and the bundle saving grows as you add. Cancel any time.

13. Need help?

Use the **“Get your Kids Reading page”** form on the Reading page: fill in your name, school name if you like, email and phone, write your question in the message box, and tap **“Send request”**. Yently will be in touch to set up your Kids Reading page.

> **Your first finished book, in short:** buy it on yently.com → get your link and login by email → log in to Setup → add your students and your books → upload for approval → share the link, and the children start reading.

Thank you for choosing Yently. Your reading page is ready when you are — and Yently is one message away if you need a hand.
